GERMANY FOLLOWS ROOSEVELT'S "SHOOT-ON-SIGHT" ORDER WITH ANNOUNCEMENT OF GREAT U-BOAT ATTACK

INVASION ARMIES IN REVERSE

Warsaw-to-Moscow Drive of Adolf Hitler's Blitzkrieg Legions is Declared by Soviet Sources to Be Turned Back in Bloody Smolensk Sector at Rate of From Seven to Ten Miles a Day

BERLIN BLAMES IT ON ADVERSE WEATHER

Moscow, Sept. 12.—(AP)—Counter-attacking Russians crossed the lower Dnieper at four points today and claimed capture of an island and two villages from the Germans even as new reverses for the Wehrmacht in the bloody Smolensk central sector dashed all Adolf Hitler's hopes of equalling Napoleon's 83-day march to Moscow.

In this 83rd day of the Nazi invasion, Marshal Semeon Timoshenko's central Red Army reported recapture of the village of Olkha as its latest success in the continuing westward thrust against the invaders. Red Star, the Soviet army newspaper, said a platoon scouted the village in advance and then a tank charge threw the Germans out. More than 100 dead men, 17 field guns and 10 mortars were left behind.

Fighting extended all up and down the central zone, Red Star saying the Germans were being driven back upon Smolensk at the rate of 7 to 10 miles a day.

In the new Soviet counter-attacks along the lower Dnieper, where the Germans have made their greatest gains, the island of Hortitsa was captured from German and Rumanian forces who lost 500 slain, Red Star said.

The villages of Voyskovoye and Fedorovka on the west bank fell to a surprise attack by Russians who blew up a bridge to cut off the foe's escape, it reported.

During last night, the Soviet communique said, "our troops continued to fight the enemy along the entire front."

The Soviet Information Bureau said the 47th German Tank Corps, "reinforced with artillery and infantry," had suffered heavy losses in a pincer operation by Soviet units patterned upon the very encirclement tactics which the Nazis have emphasized since the invasion of Poland.

In one engagement alone, it said, Soviet tank crews destroyed 79 German tanks and 32 guns and killed 2,500 Germans.

(Horse and foot troops of Napoleon took Moscow on the 83rd day of their campaign launched east from bases through middle Poland and East Prussia in the summer of 1812. Today is the 83rd day of Hitler's drive to the east, which started June 22.)

While Russians pictured fierce Soviet attacks along a 400-mile front from Gomel to Velikie Luki, approaches to the defense zones of both Leningrad and Kiev were said to be carpeted with German dead.

Baltic fleet naval pilots were said to have joined Red Army fliers in the defense of Leningrad, which has been under 123 air-raid alarms. Russians said, however, that German raiders reached the city proper for the first time Tuesday.

In the far north, where snow now covers the Khibin Mountains, Soviet troops were reported to have repulsed a Finnish-German attempt to cut the Murmansk-Leningrad railway.

Guerrillas were said to be active behind the German lines in support of Soviet frontal operations.

Bride Keeps Wedding Secret for 13 Years

Pt. Marion, Sept. 12—(AP)—Women can keep a secret if they want to and Goldie Van Zandt proved it.

Surprising friends, she disclosed that she and Arch Comeroy were married 13 years ago and had set up housekeeping on Sept. 8, their wedding anniversary.

They had been "keeping company" for 17 years before the marriage.

LINDBERGH FACES NOISY AUDIENCE IN DES MOINES

Amid Boos and Cheers Flier Contends British, Jews and Roosevelt Administration are Plotting to Drive United States Into War

CROWD IS CRITICIZED

Des Moines, Ia., Sept. 12.—(AP)—Charles A. Lindbergh contends the British-Jews and the Roosevelt administration are plotting to drive the United States into the war.

His voice drowned out at times by the boos and cheers of a boisterous and heckling crowd, the flier declared at an America First Rally last night:

"The three most important groups who have been pressing this country toward war are the British, the Jewish and the Roosevelt administration."

Before Lindbergh reached the platform, the crowd heard—and cheered 11 distinct times — the broadcast of President Roosevelt's address.

Earl C. Jeffrey, America First field representative, who estimated the crowd at 8,500, said the conduct of the gathering was "the worst I have seen."

"It was a very small minority," he added. "It looked like an organized attempt to sabotage the meeting."

The "war agitators," Lindbergh said, have planned:

"First, to prepare the United States for war under the guise of American defense; second, to involve us in the war, step by step, without our realization; third, to create a series of incidents which would force us into actual conflict."

Terming England's position "desperate," he declared her geographical position "such that she cannot win the war by the use of aviation alone, regardless of how many planes we send her."

Except for American encouragement, he added, "I believe England would have negotiated a peace in Europe many months ago and be better off for doing so."

GERMAN ARMY MAN CLUBBED IN PARIS

Vichy, Unoccupied France, Sept. 12—(AP)—Informed sources reported today another attack on a German army man in Paris in the reprisals and counter-reprisals between occupying authorities and opposition forces.

The German was clubbed by an unidentified assailant as he was leaving the Ambassadeurs theater in the Champs Elysees district after a Maurice Chevalier performance. He was given first-aid treatment for skull injuries and then sent to his quarters.

The assailant who clubbed the German fled before he could be identified.

There are now 34,000 persons held in French prisons for various crimes, according to a Paris announcement made by Joseph Barthelemy, minister of justice.

SINKING OF 22 SHIPS CLAIMED

Berlin Informs World That Nazi Submarines Had Sunk Over Score of Vessels From British Convoy in North Atlantic and Are Still Attacking; Specific Location of Encounter is Unrevealed

HITLER APPEALS FOR WINTER RELIEF FUNDS

Berlin, Sept. 12—(AP)—The German High Command today countered President Roosevelt's no-trespass speech with the announcement that U-boats have sunk at least 22 ships out of a Great Britain-bound convoy, and an authorized spokesman later declared: "All Roosevelt's contentions are lies."

The U-boat attack was, perhaps, the greatest single submarine action against commerce in history and many quarters took that, itself, as an eloquent answer to President Roosevelt.

A spokesman later asserted, however, that the president's reference to freedom of the seas was "the peak of hypocrisy" and declared that he must bear responsibility "for all consequences."

There was no amplification of the High Command's terse account of the submarine attack, which has been going on for several days in an unspecified zone of the North Atlantic but the High Command and other commentators said scattered vessels still are being chased.

Late dispatches disclosed the convoy was intercepted on its way from North America to England.

The spokesman who gave Germany's first official Roosevelt reaction contended the presidential order to fire on German craft had been issued months ago.

"What happens now?" he was asked.

MOVE BEING MADE TO HALT MALNUTRITION

Harrisburg, Sept. 12—(AP)—The State Council of Defense moved on a wide scale today to combat malnutrition in Pennsylvania's youth—described as the main cause for rejection of young men in the draft.

A conference was arranged here next Friday and Saturday, by Dr. A. C. Marts, executive director of the state council, who placed the meeting under the joint sponsorship of the State Nutrition Council, the State Defense Council, and the consumer division of the U. S. Office of Price Administration.

BOX-OFFICE HITS MAIN INTEREST OF PRODUCERS

Washington, Sept. 12—(AP)—Wendell L. Willkie, defending the motion picture producers from "monopoly" charges voiced before a Senate committee, asserted today the movie makers were engaged in "the fiercest cut-throat competition of any industry in the country."

The 1940 Republican presidential nominee told reporters that instead of cooperating in a calculated program to instill war propaganda into films, the motion picture companies were "cutting each other to pieces" in their efforts to put over box-office successes.

John T. Flynn, newspaper and magazine writer who testified yesterday, urged the committee to act toward breaking up what he charged was a monopolistic combine operating a private censorship against the dissemination of peace appeals while working to involve this country in war.

But Willkie said the films against which Flynn lodged his chief complaints—"March of Time" shorts and features released through United Artists—were not even produced by the "big four" companies.

Willkie listed those companies as 20th Century-Fox, Paramount,

MINERS SPREAD PROTEST STRIKE TO NEW FIELDS

Insurgent Group of Workers in Hard Coal Area, Traveling in Caravan of Motor Cars, Carry Appeal Into District Nine

TURBULENT MEETINGS

BY RICHARD YAHRAES

Hazleton, Sept. 12—(AP)—Their ranks increased by yesterday's drive through the Hazleton area, an insurgent group of Pennsylvania's hard coal miners carried their protest against an increase in union dues into the new territory today.

Forming at Hometown—midway between Hazleton and Mahanoy City—a caravan of motor cars this morning struck into district nine of the United Mine workers of America, CIO.

In their first stop, at the Philadelphia and Reading Coal and Iron Company's Maple Hill colliery near Mahanoy City, they quickly won the sympath of that collier's 1600 workers and it was closed down.

In previous activities, confined to district seven, the protesting miners rallied 8,000 union members to their cause and closed 13 collieries. All remained idle today. Leaders of the insurgents said they proposed later to move into district one—embracing mines of the Wilkes-Barre and Scranton areas.

Regional leaders of the UMWA have declared the walkout unauthorized.

Officers of the union local at Maple Hill this morning attempted to dissuade employes of that colliery from joining the protest, but after 30 minutes of speechmaking on both sides the workers returned to their homes.

The caravan then moved to the Knickerbocker Colliery, also located near Mahanoy City and owned by the same company as the Maple Hill Colliery.

There was no disorder.

In a turbulent mass meeting here last night, the protesting miners disregarded a plea b the district seven president to return to their jobs. The walkout began

PRICES ARE FIXED FOR ANTHRACITE

Washington, Sept. 12—(AP)—Leon Henderson, price administrator, fixed ceiling prices on hard coal today at the levels of August 15 and blocked a 15-cent-a-ton increase which producers of Pennsylvania anthracite had proposed to put into effect next Monday.

The at-the-mine prices established in the ceiling schedule are $6.60 for the principal domestic sizes, broken, egg, stove and chestnut; $5.10 for pea coal; $3.75 for buckwheat No. 1, $2.90 for rice and $2.15 for barley. The prices are F. O. B. mine per net ton of 2,000 pounds.

Henderson said he took the act-

Restrictions on Gasoline Sales to Stand in Spite of Committee Report

Acting Petroleum Coordinator Stands Pat on Previous Appraisal of Situation, Emphasizing Need for Public Cooperation

SHORTAGE OF SURPLUS

Washington, Sept. 12—(AP)—In the face of a Senate committee's report that the east has a sufficient gasoline supply for motorists, the Defense Petroleum Coordination office made no move today to lift restrictions on sale of motor fuel.

Acting Petroleum Coordinator Ralph K. Davies said he stood pat on his previous appraisal of the situation, adding that "the necessity for public cooperation continues."

"To the coordinator's office, the admittedly low condition of petroleum stocks on the east coast continues to mean shortage and the necessity for appropriate action," Davies declared after the committee released its conclusions yesterday.

Stressing that the report was merely a preliminary one, Senator Maloney (D-Conn), subcommittee chairman, had asserted that "the shortage, as we see it, is a shortage of surplus and not a shortage of products, or a lack of facilities to transport them."

The Senate group saw no danger of a lack of fuel for domestic heating or for operating defense industries, and said that "with proper conservation motorists should find it possible to acquire the gas-

OPPOSITION TO REICH IN NORWAY MOUNTS RAPIDLY

Stockholm, Sweden, Sept. 12—(AP)—Reports from Oslo today said a spirit of revolt against the German-supported Quisling government was growing rapidly in Norway and a gigantic conflict was indicated in the next few days with the trade unions leading the opposition to the Nazis.

The unions have about 300,000 members.

A great many persons were reported arrested at a number of places in Norway Thursday.

Ludvik Buland, vice president of the Labor Federation, was sentenced to death and then pardoned by Josef Terboven, Nazi Gauleiter Fohzaarway, as official accounts said "labor peace was restored and there were no disorders of any kinds."

Among persons sentenced in Oslo were Asbjoern Ruud and Olaf Oekern, famous skiers, both sent to prison for 12 years.

Didrik Arup Seip, president of Oslo's University, was removed.

Nature of the charges against these men was not stated.

In Thursday's extensive actions against trade unions all over Norway, all local funds were confiscated and membership lists were tak-

SOLDIERS HELD AS SUSPECTS IN FOILED HOLDUP

Young Unmarried Corporal Stationed in Washington and 26-Year-Old Married First Class Private Charged With Attempted Bank Robbery

BOTH ADMIT CRIME

Lewistown, Sept. 12—(AP)—Two U. S. soldiers were held by state motor police today for the attempted holdup of the Farmers' National Bank at Thompsontown.

State Police Sergeant Richard Gray said both had admitted the holdup attempt.

One man was arrested on the William Penn highway near Thompsontown in Juniata county yesterday and the other was taken into custody last night in Washington, D. C., Gray reported.

He described the man held here as a 19-year-old unmarried corporal stationed in Washington and the other man as a 26-year-old married first class private. Both are stationed in Washington, he said.

He quoted the corporal as saying he attempted the holdup because "I needed money" and because he wanted to help the other man whose wife is an expectant mother.

The officer announced that no charges had been filed against the men and that he planned to meet today with the Juniata county district attorney to determine whether county or federal charges would be filed.

Gray said he was given this version of the holdup attempt:

The corporal came here on a furlough September 2 and was joined Monday by the other man.

At the bank the younger man went to the window of Cashier George W. Graybill, poked a

NO TRESPASS DECREE OF PRESIDENT TO BE BACKED UP WITH GUNS

By the Associated Press

Germany swiftly follows President Roosevelt's shoot-on-sight order with announcement of great U-boat attack in north Atlantic; Hitler's high command reports 22 ships sunk, two others torpedoed, with U-boats still chasing survivors of 40-ship convoy.

Italian spokesman says Axis warships "exposed to deliberate aggressive action of American warships" must attack in self-defense if they cannot escape; German officialdom silent on reaction to Roosevelt address; President orders U. S. navy to sink any Axis warcraft entering American defense waters; Britons hail action as guaranteeing flow of U. S. aid to England.

Norwegian revolt against German-supported Quisling government reported rising; Stockholm hears gigantic conflict imminent; widespread new arrests reported; Germans officially assert peace restored in Oslo.

Adolf Hitler's blitzkrieg legions lost last chance to equal 83-day record of Napoleon's horse and foot troops for a Warsaw-to-Moscow invasion as 83rd day of the Russian campaign finds Germans and Red army troops bloodily engaged in the Smolensk sector. Russians assert invaders are driven back at a rate of seven to 10 miles a day. Germans belittle "relief offensive" and forecast announcements of new Nazi victories.

EXECUTIVE SAYS NATION READY TO MEET UNRESTRICTED WARFARE

Washington, Sept. 12.—(AP)—In blunt, uncompromising language President Roosevelt barred vast reaches of the seas today to "rattlesnake" raiders wearing the flag of the Rome-Berlin Axis, and backed up the no trespass order with the guns of the United States navy.

Foes of the administration's policies immediately chorused that this constituted "an unauthorized declaration of war," "an engraved invitation to trouble."

But there was no disagreement as to what the president meant. His instructions to the fleet, effective at once, were specific—strike first without waiting whenever Axis raiders are encountered hereafter in the "defensive waters" of the United States. He said ships of any flag would be protected from raiders in those seas.

That, in brief, was the burden of the address which the chief executive delivered by radio last night to the nation, to the Axis powers and to the other countries of the world.

It represented the president's considered reply to the recent series of sea incidents—a previously undisclosed attempt to torpedo an American battleship, the clash between the U. S. S. Greer and a u-boat in the north Atlantic, and the sinking of three American-owned merchantmen.

"The sole responsibility rests on Germany," said Mr. Roosevelt of the future.

"There will be no shooting unless Germany continues to seek it. x x x

"But let this warning be clear. From now on, if German or Italian vessels of war enter the waters, the protection of which is necessary for American defense, they do so at their own peril."

While critics were aroused by the pronouncements—Senator Van Nuys (D-Ind) called them "alarming . . . terrorizing"—the address drew a round of bipartisan approval, highlighted by the endorsement of Wendell L. Willkie and the statement of Senator Thomas (D-Utah) that "driving pirates off or out of the seas is not war."

There was an echo of a bygone shooting war when Mr. Roosevelt flatly accused Germany of waging "ruthless . . . unrestricted submarine warfare." It was the resumption of unrestricted submarine warfare early in 1917 that brought the severance of diplomatic relations with Germany which preceded the United States entry into the World War.

As for the "unrestricted submarine warfare of 1941," President Roosevelt said the United States was ready to deal with it in defensive waters "no matter what it takes. No matter what it costs."

"DEFENSIVE WATERS" ARE NOT DEFINED

Washington, Sept. 12.—(AP)—Secretary of State Hull indicated today that Germany's actions will determine what areas the United States will consider "defensive waters" in which American warships will shoot first in their patrols to defend shipping against Axis attacks. Asked to define the waters concerned, Hull told reporters it must be remembered that the United States confronted a world movement of force for the purpose of conquest of continents and seas.

Although the White House had promised that the speech would leave no questions unanswered, it contained only the vaguest indication of what parts of the sea were held to constitute "defensive waters." Moreover, it made no mention of any decision to seek repeal of the neutrality act, and it was completely silent on the subject of the third Axis power, Japan—a silence some thought was significant.

In speaking of "defensive waters" Mr. Roosevelt made only one point clear—that the seas immediately surrounding all American outposts were so considered. The absence of a more explicit definition set legislators studying pre-

Great Increase in Naval Actions Reported on Heels of Declaration

By the Associated Press

Germany and Italy reported these maritime actions today on the heels of President Roosevelt's declaration that Axis raiders will be shot on sight in waters deemed vital to American defense:

Sunk by submarine: German—22 ships totalling 134,000 tons in the north Atlantic in an attack started several days ago and still continuing; two others, totalling 11,000 tons, torpedoed and reckoned as sunk in the same raid. Italian—A large oil tanker sunk in the Atlantic; a 5,450-ton merchantman torpedoed and also reckoned as sunk.

By air attack: German—Three freighters totalling 21,000 tons in the English Channel southeast of Great Yarmouth; a light cruiser damaged and another merchantman hit by air bombs.

In naval battle: German—Three British speedboats sunk by shore batteries and German patrol boats in repulsed attempts to attack German convoy in the English Channel.

Criptic Comments Made in Europe Regarding Talk on Foreign Policy

By the Associated Press

President Roosevelt's shoot-on-sight warning to Axis sea raiders and submarines drew from a Rome spokesman today the declaration that every Italian or German warship must attack American navy vessels "for its self defense if it lacks the possibility of escaping attack."

The Germans, rigidly avoiding direct official comment, contented themselves with a special communique announcing the sinking of 22 British ships in one of the greatest submarine attacks of the war on a North Atlantic convoy—an attack they said still was going on.

The Italian "attack for defense" threat came from Virginio Gayda, chief Fascist editorial spokesman.

The German radio commented briefly for consumption abroad:

"Roosevelt's provocations, with which he tried to slap Germany in the face, naturally leave Germany cool and calm . . . His entire speech was an attempt to burden Germany now and for the future with all guilt."

The third Axis partner, Japan, was officially noncommital.

The Japan Times and Advertiser, English-language organ of the Japanese foreign office, took issue, however, with Mr. Roosevelt's denunciation of Axis "pirates," declaring:

"Whatever else it may be called, the sinking of ships by submarines is certainly not piracy . . . no pirate ever went into business simply to sink shipping. Loot was his quest. The Germans have not made any profit out of submarine warfare. It has been an expensive business in lives and investments."

An authorized source in Vichy called President Roosevelt's speech "a new lap in the United States president's policy" which he said was "destined to prepare American public opinion for the need to run new risks."

In London, Lord Halifax, the British ambassador to Washington, said every Briton had been "greatly heartened" by Mr. Roosevelt's no-trespass warning to the Axis. He called it "the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

In the boys' agriculture contest, prizes went to Russell Thompson, Franklin LaVigne and Robert Sanders. Women winning prizes in the goat milking contest were Mrs. Guy Summerson, Mrs. Alden Abbott and Mrs. Ralph Abbott.

This evening's program features Indian entertainment by Chief Big Kettle, while the horse show will be the outstanding event Saturday, final day of the fair.

WILL RE-OPEN SCHOOL MONDAY IN PINE GROVE

With Warren county's only infantile paralysis victim showing rapid improvement and no indications of additional cases being seen, school directors of Pine Grove township today decided to re-open the Russell schools next Monday morning, it was announced today.

The single victim of poliomyelitis in the county is Miss Lois Pangborn, daughter of Mr. and Mrs. Claude Pangborn, of Russell, who was stricken while employed as a domestic with a Warren family.

The schools at Russell were closed last Monday because younger children in the Pangborn family attended classes there.

Miss Pangborn's physician said yesterday that she is getting along very nicely following a mild attack of the dread disease.

WARREN MAN IS NAMED CASHIER AT CLARENDON

At the regular meeting of the board of directors of the Clarendon State Bank, held Tuesday, P. Howard Potts, of Warren, was elected cashier of the institution, succeeding the late Ellis S. Kennedy, who died early in July.

Since Mr. Kennedy's death, the position of cashier at the Clarendon bank has been filled by C. D. Blair, who was elected assistant cashier at Tuesday's meeting.

Mr. Potts, who is well known in Warren, has been associated with the banking business here since his graduation from Warren High School in 1922.

Immediately following his completion of school he went to the Warren National Bank as a clerk. In May, 1923, he went to the Warren Savings Bank and Trust Company as a clerk. He was subsequently advanced to teller and note teller in the former organization, holding the latter position until the organization of the present Warren Bank and Trust Company in 1934.

Since 1934, Mr. Potts has been in the trust department of the Warren Bank and Trust Company.

Mr. Potts has a wide circle of friends who are pleased to learn of his new position.

DEFENSE BONDS TO BE BOUGHT BY MOTOR CLUB

Among the actions taken at the September meeting of the board of governors of the Warren County Motor Club held Thursday following lunch at the private dining room of the Blue and White restaurant, was a decision to purchase two $100 defense bonds.

A report was received that the delineators recommended by the club have been installed at the west end of Warren on U. S. Route 6, and a sign has been erected at Sheffield which will be of help to motorists driving through.

Eighty-five members were reported secured during August.

The following were in attendance: H. M. Mohr, O. M. Baird, P. D. Belknap, Charles Eaton, Ed C. Lowrey, Dr. E. Quay McCune, Wm. M. Hill, Clifford Johnson and H. B. Bowersox, of Warren; M. E. Marriner and Elton Barton, Youngsville; Harry Baldensperger, Sheffield; D. C. Schuler, North Warren; F. A. Schoonover, Sugar Grove; George Seavy, Clarendon; I. G. Darling, Russell.

Tennessee Walking Horses To Be Shown Tomorrow At Fair

A feature of the horse show which will climax the Sugar Grove community fair at one o'clock tomorrow afternoon, will be the exhibition for the first time in this section of the country of the Tennessee "walking horses".

Walking horses were first developed as a distinct breed of saddle horses in the southern states and were then known as "Plantation Horses", because of their use by the owners of large plantations in traveling over their estates. Only recently have these horses become prominent in the northern states as pleasure horses, and the committee in charge of the Sugar Grove horse show feels especially proud of being able to secure several of this type of horse for its show this year, because there are still very few of them in this vicinity, although their popularity is growing very rapidly.

The show this year features 19 classes on its program, which starts at 1 p. m. (DST), thus assuring everybody attracted to fine horses and horsemanship adequate opportunity to see in competition the particular type of horses in which he is interested.

Malaria is said to cause 2,000,000 deaths throughout the world every year.

MACKENZIE REVIEWS THE ADDRESS

(By DeWitt MacKenzie, Associated Press Foreign Writer)

President Roosevelt's order to the fleet to shoot on sight whenever Axis raiders invade America's "defensive waters" brings one to the obvious conclusion that a shooting war might develop.

The chief executive's statement on this policy, however, makes it clear that we do not seek war and that "there will be no shooting unless Germany continues to seek it."

That puts the future squarely up to Herr Hitler. Berlin thus far has been silent regarding the address.

What we do know is that up to this juncture the Nazi leader has studiously avoided war with the United States. If he now forces the issue it will represent a complete change in policy and one which it would seem hard to justify from the standpoint of German strategical needs, since the last thing he can desire is to have the American navy cut loose against him.

Still, it's possible that if the fuehrer believes he can liquidate the Russian danger in the near future, he may contemplate another quick all-out assault on Britain. In that case he might attempt to cut England off from American aid by attacks on our shipping.

There is small doubt that there will be further "incidents" which will involve shooting. However, while it is certain that each one of these is fraught with the danger of war, it strikes me that if they were only occasional they might continue long before precipitating general hostilities.

Mr. Roosevelt's statement is a very sweeping declaration of freedom of the seas. The definition of our field of operations as "in the waters which we deem necessary for our defense" would seem to be very flexible. That field may be altered according to the circumstances of the moment.

It is clear in any event that we intend to send our merchant ships wherever we deem necessary in order to bear aid to those who are waging war against the Axis. Those waters certainly include the Atlantic pathway to Iceland and the route through the Red Sea to Egypt, both of which have been declared danger zones by Axis powers.

This doesn't mean, of course, that the United States proposes to invade belligerent waters where hostilities are in progress—the English Channel, for example. Thus Herr Hitler has a very considerable leeway to avoid trouble if he wants to.

The president's omission of any reference to Japan was taken by some observers to have special significance, as indicating a desire not to say anything which might influence the very delicate conversations now proceeding between Washington and Tokyo in an effort to reach an accord over the Far Eastern situation.

Equally notable was the statement in Tokyo by Koh Ishii, Japanese cabinet information bureau spokesman, who said Japan adhered to the general principles of freedom of the seas. That is particularly striking in view of the fact that Nippon has been up in arms over our shipment of war supplies to the Russian port of Vladivostok.

All this would seem to speak well for the progress of the negotiations, or at least indicates a real desire to reach an understanding.

BAN ON NOISE

The Valley Daily News at Tarentum thinks it would be well if other borough councils and commissioner boards in the Allegheny Valley would follow the example of the Springdale solons and do something to lessen, at least, the volume of unnecessary noise which people must endure every day.

The Springdale dads are planning an ordinance which is designed to put an end to all needless tumult. It is aimed especially at wedding parties which sweep along the streets with automobile horns blasting at full power. The officials think such demonstrations are needless and an annoyance to the general public. And most citizens will agree with them. Automobile horns are intended to be used only when occasion demands, never for the purpose of celebrating or to be sounded as a means of avoiding the necessity of walking up to a door and ringing a bell, or as a greeting to pedestrians.

• EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, Sept. 12—Hereafter, will you please refrain from speaking of the 312 emergency cargo vessels which the Maritime Commission is building as "Ugly Ducklings." Call them "Liberty Ships," instead, and thank you.

This Ugly Duckling appellation seems to have been the conception of a mere newspaperman who thought it up just like that when the President first made announcement of the emergency shipbuilding program. While the name fits these freighters perfectly—if you remember your fable of how the ugly duckling turned into a beautiful swan and flew off to Hollywood to become a star in moving pictures—still the name offends some of the effete and aesthetic old sea-dogs in Washington and so they must become Liberty Ships, each one named after a great American who made a considerable contribution to the country's liberty—Patrick Henry, John C. Fremont and the like.

Whatever you call these babies, the first three of them will be sliding down the ways in a mass launching on Sept. 27, which the new publicity-conscious Maritime Commission, with a high-powered New York advertising man in charge of its public relations, is going to call "Liberty Fleet Day."

In addition to the three Ug—pardon—Liberty Ships, nine other merchant ships will be simultaneously launched at yards on the Atlantic, Pacific and Gulf coasts, in what promises to be quite a day. The President or other competent literate will probably say a few words into the mikes, and there will be champagne bottles shattered all the way from Quincy, Mass., around the coast line to Portland, Ore., by way of Pascagoula, Miss. The bands will play, the crowds will shout and radio spielers turn inside out in approved form.

September Saturday morn sarcasm aside, this shipbuilding program is something to give you a tremendous lift. Already it has knocked all World War shipbuilding records galley west. At Hog Island, last war, the best record was six months and five days from

See layout on Page 8 showing how Uncle Sam's shipbuilders set record being celebrated this month.

keel laying to launching. In the case of the first three Liberty Ships, the times from keel laying to launching run from four months and three days to four months and twenty-seven days. And when production of these ships really gets going, two ships will go sliding down the ways every single working day, which means launching new bottoms almost as fast as Hitler's submarines can sink them.

To achieve this magnificent production schedule has required the marshaling of America's best technical brains and resources, and exactly this has been done under Admiral Emory S. Land, chairman of the Maritime Commission, and J. E. Schmeltzer, director of the commission's division of construction.

In 1937, shortly after the commission was organized, a program of one new ship every two weeks was inaugurated to re-establish supremacy of the American Merchant Marine. Stepping that up to two new ships every day, the goal of 1942 and 1943, gives you an idea of the pace that has been set.

In 1936, there were 10 shipyards in some degree of activity, with only 46 ways big enough to take 400-foot ships. Today there are 19 yards and 145 ways authorized for the Maritime Commission pro-

Duchess Charlotte Gets Passage on U. S. Cruiser

ONE of the lesser known refugee monarchs is Grand Duchess Charlotte of Luxembourg, who found a haven in the United States.

Luxembourg, a country of only 999 square miles bordered by Germany, Belgium and France, was overrun by the Nazis, May 10, 1940. The grand duchess, her consort and six children fled to Paris, May 13, 1940, and arrived in the United States, July 25, 1940, aboard the U. S. cruiser, Trenton.

Grand Duchess Charlotte was honored philatelically by her government in the 1939 stamp above.

She was born in the famed old castle of Berg, Jan. 23, 1896, the second daughter of Grand-Duke Wilhelm and Marie-Anne de Luxembourg. When her father died in 1912, Marie Adelaide, the oldest sister, was placed on the throne. The Imperial German armies occupied the little duchy in 1914.

After the war, the Allies felt the young duchess had not shown enough energy in resisting the Germans. A referendum was called proposing a commercial union with France, and the citizens voted overwhelmingly for it. Marie Adelaide abdicated and Charlotte, then 23, became Grand Duchess.

SCHOOL PATROL AT SHEFFIELD HOLDS MEETING

Sheffield, Sept. 11—Annual reorganization of the Lincoln School Patrol, student traffic organization organized 17 years ago by Wayne Chamberlain, principal of the school, and directed by him ever since, occurred this week.

John Cochran is captain of the patrol, the other officers including Alfred Gibson, special lieutenant; Elliott Potter, bugling lieutenant; Arthur Barner, 1st lieutenant; Robert Benson, 2nd lieutenant; Robert Slack, R. R. lieutenant; Billy Lindsey, 6th station lieutenant, and Phillip Mauk, 7th station lieutenant.

The personnel of the patrol's two squads is as follows: First squad—Arthur Barner, lieutenant; Ralph Stenger, Teddy Young, Hugn Rockwell, Charles Christenson, Robert Work, Harold Rockwell, Charles Dorotics, Richard Johnson, Norman Jefferson, Ralph Suppa, Richard Carrow, Samuel Vargason, Elmer Slack. Second squad—Robert Benson, lieutenant; LeRoy Knight, Joseph Pochatko, Billy Green, Donald Schmidlen, Allen Gibson, Robert Evan, Billy Fahey, Clyde Slack, Ralph Anrillo, Harold Green, Robert Campasino, James Snyder, Edward Mueller, Robert Carrow.

Seven different highway crossings, railroad crossings and other traffic hazard points in the vicinity of the school are manned by the patrol. The organization ever since its inception has been one of the most efficient of its kind anywhere, as is attested by the fact that never in the sixteen-year history of the patrol has any student been killed or injured at any of the stations guarded by the patrol youths.

TO INSTALL OFFICERS

Officers of the local American Legion Auxiliary will be installed at the October meeting, it was announced at a meeting of the Auxiliary Monday evening. Mrs. Robert Russell, of Custer City, who at the recent state convention in Altoona was elected western vice president, will be the installing officer.

A report on the Altoona convention was submitted at Monday's meeting by Mrs. George Christian, who substituted for Mrs. Editi. Cromwell, local president, and delegate to the affair. Mrs. Cromwell was in charge of the meeting.

Lunch was served by a committee whose members were: Mrs. Agnes Whyte, Theresa Johnson, Evelyn Peterson, Agnes Lundquist and Belinda Hinkley.

ENTERTAINS CLUB

Mrs. Gordon Adams, of Tiffin, O., entertained the members of the Friendship Club and invited guests with a chicken dinner, served at the Home Cottage Inn, Monday evening. After partaking of the dinner the guests were invited to the home of Mrs. R. C. Cederlof, where they spent the remainder of the evening visiting. Refreshments were served by the hostess.

Besides the aforementioned, the following other guests were present: Mrs. Christ Yutze, Mrs. Melvin Sauter, Mrs. Lawrence Newburg, Mrs. Joe Benson, Miss Edith Cederlof, Mrs. Eranus Cederlof, Mrs. Tracy Blackwell, Mrs. William Dalton, all local residents; Mrs. Harry Anderson, of Bradford; Mrs. Emma Johnson, of Jamestown.

PERSONALS

Mr. and Mrs. William Rawson have arrived home from a two weeks vacation trip to Pittsburgh, Annapolis and Cleveland.

Mr. and Mrs. L. E. Jones have received word from Fort Monroe, Va., that their son, Bruce B. Jones, recently was promoted to First Lieut. Lieut. Jones, who was a member of a Buffalo National Guard Company and who received his commission as a Second Lieut., last January prior to the company's departure to Camp Edwards, Mass., has been attending army school at Fort Monroe the past 12 weeks.

gram, and ships are actually being built on over half the ways.

Today's over-all program calls for the construction of 1400 non-naval ships by the end of 1943, and the total cost of new yards, ways and ships will be in neighborhood of $8 billion.

Of the 1400 merchant or cargo vessels in the Maritime Commission program, only 312 have so far been designated as the Liberty Ship type, 20 to go in service by the end of the year. But still on the books is a recent authorization for 500 ships, of types not yet designated. Surveys are now being made to see what the shipping demands will be, and what the steel and ship fittings capacity of the country will be. Decision will be made later on how many of these 500 will be Libertys, how many will be tankers, and how many will be the standard types of fast cargo vessels, C-1, C-2, or C-3, which the commission is building for merchant marine expansion.

When they're all built, the hope is that the country won't be dumb enough to scrap 'em, junk 'em and make 'em into flivvers.

Wooden nickels were in circulation in Ottawa, Kans., when merchants handed them out to advertise a festival.

Increasing Interest Displayed by Response To Announcement of Warren Players Canvass

That there is an ever-increasing interest in the activities of the Warren Players Club and the work that it does has been evidenced during the first two days of the annual campaign for memberships and season tickets, which runs through next Wednesday, September 17.

An enthusiastic opening meeting on Wednesday evening was in charge of William E. Rice, general chairman of the campaign, who instructed team captains and their workers.

It was pointed out, and is emphasized in an advertisement elsewhere in this issue, that it will be distinctly advantageous this season for the public to join the Players membership, either in active or associate capacity, since such membership will carry the privilege of attending three public plays, plus the monthly studio presentations and the night of "original play" production, as well.

In the event that persons have not been contacted by one of the many campaign workers, it was pointed out by Mr. Rice this morning, a call to 776 will bring a Players representative to discuss membership or season tickets.

The club's dramatic season will be officially opened on October 23-24, when "Kind Lady" will be offered under the capable direction of Mrs. Edwin Borden.

Although memberships may be obtained at any time throughout the season, it is stated that season tickets will not be available after the closing of the active canvass next Wednesday, September 17.

Ludlow Couple Wed In Kane Parsonage

Ludlow, Sept. 12—Emil Swanson announces the marriage of his daughter, Edith, to Axel Mortenson, son of Nels Mortenson, also of this place. The wedding took place this morning at ten o'clock at the Kane Mission parsonage, Rev. W. W. Nyline performing the ceremony.

The bridesmaid was Helen Swanson, of Ludlow, and Wallace Hanson, nephew of the bride, was best man. Mrs. William Hanson, sister of the bride, was present also.

The bride was attired in brown and white, with brown accessories and a corsage of yellow rosebuds and baby's breath. Miss Swanson wore dusty rose, matching accessories and a corsage of yellow Talisman roses, while Mrs. Hanson was attired in brown, matching accessories and a similar corsage.

After the ceremony, a wedding breakfast was served at Kane Manor. Upon their return from a short wedding trip, Mr. and Mrs. Mortenson will make their home with the bride's father.

Church to Observe Birth Anniversary At Sunday Session

Next Sunday is the birthday of Robert Raikes, who is widely recognized as the "father of the Sunday school movement", and the occasion is to be especially marked by the Calvary Baptist church.

In conjunction with the regular Sunday school period at 9:45 o'clock, a special, brief program will be allotted to commemoration of the anniversary.

A sincere invitaton is extended to all who do not regularly attend this service, since the Sunday schools deserve the active support of every man and woman as well as boys and girls.

Dahlia Fanciers to Plan for Show Here

A meeting is to be held at the Y. M. C. A. building next Monday evening at eight o'clock to complete plans for an event that is somewhat of an innovation in Warren, but one that will be of considerable interest to a good many flower fanciers.

Meeting at the above time will be a group of dahlia growers who have conceived the plan of holding a dahlia display, the date to be announced following the session.

All amateur dahlia growers are urged to be present so that the display may be truly representative of the efforts of all concerned in such a project.

With Our Boys In Indiantown Gap

Indiantown Gap, Pa., Sept. 12—(AP)—Advance detachments of Pennsylvania's 28th Division rolled into their home camp today after a ten-hour night drive from the site of maneuvers in Virginia.

First arrivals, in a long column of nearly 200 trucks, included the advance detachments of every unit in the division of 12,000 men, and most of the 103rd Observation Squadron.

Moving northward from the A. P. Hill Military Reservation in Virginia after intensive maneuvers, the entire division is scheduled to be back in their home camp by nightfall.

Praised by their commander, Major General Edward A. Martin, who said they were going home a much better fighting division, the troops started moving out of the

General Martin complimented Lieut. Col. John Van Vliet for his work as commander of the red forces which defended the Virginia camp against the blue forces commander by Martin himself, in the final maneuver yesterday.

Col. Ben Jones, division chief of staff, said tents would be left in place at the reservation for the incoming 29th Division and that one officer and 20 men would be left in each of the five camp areas for inspection duty. These officers and men will leave sometime this morning after the inspection.

Two of the homeward-bound convoys travel through York, Pa., to Lebanon, then on state Route 72 to Indiantown Gap. Another convoy moves from Fredericksburg, Va., to Chambersburg and Carlisle, Pa., and along U. S. 22 to the reservation. The third route is from Fredericksburg to Gettysburg, to Harrisburg, then U. S. 22 to the reservation while the fourth route takes the men from Fredericksburg to Pennsylvania Route 75 into Carlisle and along U. S. 22 to camp.

LANDER PASTOR IS NOW MEMBER OF CONFERENCE

At yesterday afternoon's session of the Erie Conference of the Methodist church, being held on the campus of Allegheny College in Meadville, the Rev. Donald D. Samuelson, pastor of the Lander Methodist church, was elected to full membership in the conference, together with four other young men.

The others are Arthur M. Crawford, of West Springfield; Elroy M. Sayers, of Fall Creek; Philip Schlick, Forrestville, N. Y., and Owen W. Shields, Wykesville.

They are to be ordained on Sunday.

The following were elected trial ministers last night: James McIntosh, Blooming Valley; David L. Taylor, Ashville, N. Y.; Paul Bowman, Mercer, and Ernest M. Fradenburg, Evanston, Ill. Seymour A. Smith, Jamestown, N. Y., was elected earlier.

The following deacons were chosen.

Miss Carolyn Grout, Ashville, N. Y.; Lawrence T. Meneely, Brockville; Ralph Metcalf, Wattsburg; Walter W. Gilliland, Grove City; J. Norman Holder, New Wilmington; Paul J. Hogg, Pleasantville; John Templeton, New Castle; C. Milo Connick, Conneautville; John H. Lavely, Meadville; Howard L. Smith, Meadville, and David Taylor, Ashville, N. Y.

Elders named are:

Frederick Morris, DuBois; Herbert G. Null, Reno; Arnold Ohl, Strattonville; Jesse L. Peck, Shippensville; Ormel G. Shindledecker, Colesville, N. J.; Ralph Richardson, Guys Mills; Arthur M. Crawford, West Springfield; Donald D. Samuelson, Lander; Elroy M. Sayers, Fall Creek; Philip Schlick, Forrestville, N. Y., and Owen W. Shield, Wykesville.

Dr. A. C. Locke, of New Bethlehem, former Erie and Franklin pastor, spoke at the conference session last night.

SCHWEITZER IS NAMED HEAD OF PURPLE HEARTS

At the annual meeting of the Bucktail Chapter, No. 93, Military Order of the Purple Heart, held here last evening, George H. Schweitzer, of Warren, was elected commander for the ensuing year.

Other officers are as follows: Senior vice commander, Leo J. Schuler, Warren; junior vice commander, Elmer Anderson, Kane; finance officer, Floyd W. Ahlquist, Warren; adjutant, L. M. Cook, Kane; surgeon, Dr. H. J. McGhee, Kane; chaplain, Ernest Huber, Warren; historian, Carl Gustafson, Kane; judge advocate, Charles H. Hawks, Kane; sergeant-at-arms, Earl R. Small, Warren; trustee, one year, Charles H. Hawks, Kane.

Business of importance was transacted, one new member was accepted and plans were made to locate the permanent meeting place in Warren county. There was a large attendance and plans were made for a tureen supper for members and their families at the next meeting, when a class of new members will be mustered in.

DON WHITE UNIFORMS

Six student nurses at the Warren General Hospital have completed their training and today donned for the first time the white uniform of graduate nurses. Formal exercises for their graduation will be held September 24, details to be announced later. Girls who have completed their work are Jean Bush, Frances Vivian Anderson, Dorothy Patchen, Dolores Thompson, Margaret Armanini, Minnie Anderson. All will be employed at the local institution except Frances Vivian Anderson, whose home is near Kane and who will be employed in that city.

The 1850 census, seventh conducted, showed the population of the United States was 23,191,876.

OBITUARY

JULIUS J. BECK

Corry Journal: Services were held Wednesday afternoon at 1:30 o'clock at the Bracken-Keating chapel in memory of Julius J. Beck, of Spring Creek, who passed away suddenly Monday afternoon. Rev. John Waite, of Spring Creek, officiated at the services.

Friends and neighbors assisting as bearers were Leslie Donaldson, Edgar Crane, Lawrence Morton, William Henry and Arch Porter, of Spring Creek, and John Zeeb, of Erie. Interment was made in the Spring Creek cemetery.

Among those from out of town for the services were Mr. and Mrs. Michael Fredel and William Fredel, of Buffalo; Harold and Frederick Fredel and Miss Edna Fredel, of New York City; John Zeeb, of Erie; Mr. and Mrs. Lon Matteson, Mrs. C. C. Brundage, Mrs. Chandler Mason, Mrs. Arthur Brundage, Mrs. Wilson Sickler and Rev. and Mrs. Waite, of Spring Creek.

HENRY W. HIGHHOUSE

Henry W. Highhouse, highly respected resident of Pleasant township for the past 70 years, died at the family home at 10:45 o'clock Thursday morning.

He was born in Grinland, near Honesdale, in Wayne county, on March 15, 1861. He was affiliated with the E. Highhouse and Sons brickard for over 50 years, retiring about ten years ago.

In 1888 he was united in marriage with Lydia Honhart, who survives him, together with one sister and one brother, Mrs. Bertha Briggs, of Warren, and John Highhouse, of Erie. Three sisters and three brothers have preceded him in death.

Funeral services in his memory will be held at the family home at three o'clock Sunday afternoon, conducted by his pastor, Rev. Edward K. Rogers, of the First Lutheran church. Interment will be made in Oakland cemetery.

MRS. GEORGE WOLF

Relatives here received word this morning that Mrs. George Wolf, of Buffalo, N. Y., died in the Deaconess Hospital in that city, following an emergency operation performed last Saturday morning. Before her marriage Mrs. Wolf was Miss Florence Haag, a graduate nurse of the Warren General Hospital. She leaves her husband and two daughters and several brothers, as well as more distant relatives in this vicinity.

Funeral services will be held at the Richmond Avenue Church of Christ in Buffalo Sunday afternoon at 1:30 o'clock, daylight saving time, after which the remains will be brought to Warren for interment in Oakland cemetery at 5:30 o'clock the same afternoon.

Boy Scouts Aid in Defense Program of Business Men Here

Boy Scouts yesterday completed their fourth project in assistance of national defense when they distributhed defense sales materials and large defense posters for the Chamber of Commerce in connection with the coming merchants sale of defense stamps and bonds. Two of the remaining three projects involved distribution of posters for defense bonds throughout Warren county and the other was the collection of aluminum in July.

The work yesterday was conducted by Scouts of Troop No. 9, of which Ray Lewis is Scoutmaster, and Troop No. 4, of which Jasper Shepard serves as Scoutmaster.

The Scouts are busy these days with projects of this sort which they are undertaking at the request of the government.

Zachary Taylor was the only President who had no cabinet changes during his term of office.

UNITED STATES APPEALS AWARD IN COUNTY CASE

The federal government yesterday filed an appeal against the award of a board of viewers for damages for 12.47 miles of railway right of way of the Sheffield and Tionesta Railway Company, condemned by the government for the Tionesta creek flood control project, according to an Associated Press dispatch from Pittsburgh.

The government's action followed by two days a similar appeal by the railroad which claimed the viewers' award was "grossly inadequate" and asked $200,000 damages.

The government claimed the award for the 12.47 miles on the railroad's 35-mile line between Nebraska, Forest county, and Sheffield was excessive and that it contained damages for "things for which the United States is not liable."

Judge Nelson McVicar granted requests of both sides for a jury trial, making the railroad the plaintiff and the United States the defendant, to determine the amount of damages to be paid. The railroad was given 20 days in which to file a statement of claims and the government's answer must be filed 20 days later.

Uruguay ranks next to Russia in government control of business.

SHIRTWAISTER HAS TRIM LINES
Pattern 4650
By ANNE ADAMS

Recipe for slender lines—in one easy lesson! Anne Adams design-ed Pattern 4650 definitely for you who have "figure trouble!" First of all, that buttoned-down-the-front line is always good on a heavier figure, and the slenderizing effect is increased by the narrower panels in the skirt. Next, the bodice gives you needed fullness over the bosom, controlled by darts at the shoulder yokes, which are cut in-one with the back. The collar may be cut down to baby levers—and the sleeves cut short instead of the tucked three-quarter length shown here. It's a shirtwaister that's easy to wear, easy to look at, and easy to make—with the Sewing Instructor to help. Why not make several in different fabrics—wool, tie-silk, or chambray?

Pattern 4650 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 2 7-8 yards 54 inch fabric.

Pattern 4887 is available in sizes small (32-34), medium (36-38), and large (40-42). Small size takes 3¼ yards 35 inch fabric.

Send FIFTEEN CENTS (15c) in coins for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER. Order the new Anne Adams Pattern Book "post haste"—and be clothes-ready for the coming season! This brilliant Fall and Winter edition contains a gift for you and an ACTUAL pattern for a hat and bag set PLUS—hundreds of original, easy-to-sew designs for schoolgirl, careerist, bride, matron. War relief sewing, gift tips and news about silhouettes, accessories and colors complete this fashion story! BOOK FIFTEEN CENTS, PATTERN FIFTEEN CENTS. BOOK AND PATTERN TOGETHER, TWENTY - FIVE CENTS.

BY WILLIAM E. McKENNEY
America's Card Authority

In winning the national mixed team-of-four championship, Sidney Silodor, of Oakmont, Pa., established a remarkable record. Last December in Philadelphia, at the fall session of the National tournament, he and Mrs. R. C. Young won the National mixed pair title.

Following his victory in the mixed team-of-four at Asbury Park, Silodor turned in a good score in the National men's pair championship, when he and his partner, Joseph Davis, of Philadelphia, finished second. He has finished first or second in 12 tournaments within the past year.

Silodor is a slow, careful and accurate player, with an uncanny ability to count down a hand. In today's hand he won the opening lead in dummy with the ace of clubs. West discarding the three of diamonds. A low heart was led and won by the queen.

Then Silodor led his jack of hearts and West won. A spade came back, and the ace won. Now Silodor laid down the ace of diamonds, dropping the blank king. After that it was easy to develop two more diamond tricks and win nine top card tricks.

When asked how he guessed the diamond situation, Silodor said, "West has the ace of hearts and a club void, yet he wouldn't overcall the one-club bid. I don't think he has two five-card suits. He probably has 5-4-4-0 and his first discard is from his fivecard suit because he doesn't know yet which suit he can afford to abandon. That leaves East with a blank king or queen of diamonds to explain West's pass."

Asbestos can withstand heat of 3000 degrees F., on an average although some grades will withstand as much as 5000 degrees F.

A WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON—Answering the mail orders:

G. A. K., Lockport, N. Y.—Referring to the phrase "undue hardship" as a cause for letting men out of the army is about as indefinite as anything can be. It was not specifically defined in the law extending the selective service training period.

The war department's policy is very broad in this matter. Decision in all cases of alleged "undue hardship" is left up to the commanding officers. I can give you an illustration. If since a man's induction, his father has died (leaving his mother without support); or his wife has died or divorced him, leaving a child to be cared for—these would be pretty clear-cut cases of "undue hardship."

There could conceivably be hundreds of similar cases. That, according to the war department is why there has been no effort to define them. If a man thinks that he falls into this category he should make application (in writing) to his commanding officer—setting forth reasons he thinks his case is one of "undue hardship." This application will go to field headquarters, or corps area headquarters, depending on the status of his unit and there be acted upon.

P. B., Williams, Ariz.—There has been nothing from official sources to indicate that our ships and airplanes in the Atlantic are armed for a shooting war. But it would be pretty blind to figure that they are not prepared for any such contingency. When the Panay was bombed in China it returned fire. Testimony before Congress has indicated that our ships and planes, under the present emergency, are no less prepared.

* * *

K. L. T., Golden, Colo.—The Near East situation is far too complicated to try to explain in a paragraph, but war observers here are saying for certain that it probably will be the theater of war this winter. (Remember though that they have been wrong before. The collapse of Russia, according to their "authentic" estimates, is already two or three weeks overdue.)

T. M., Leonia, N. J.—The reorganization of the defense set-up (although it probably will not still the critical tongues of opponents) will have a much more far-reaching effect than appears on the surface. John D. Biggers (OPM production official) and Edward R. Stettinius Jr., priorities chief, had been targets for opposition sniping for months. Their transfer to jobs which demand less over-all executive control will mean that many men they gathered around them soon will be returning to private enterprise. In other words, there will be a change in the priorities and production set-ups reaching well down the line. Whether it will be for better, worse or nothing at all remains to be seen.

* * *

K. R., Portsmouth, N. H.—Coast Guard work still is being carried on by the Coast Guard. Under its transfer to the Navy, the Navy assumes the obligation of seeing that the tasks assigned to the Coast Guard are performed. In other words, the Coast Guard—like the U. S. Marines, for instance—is now a part of the Navy, but with special duties.

O. M. T., Miami Beach, Fla.—The parachute troops (in training) are the fastest growing branch of the United States army. Two years ago, there were none. A year ago, there about 60. Now there are more than 5,000 men trained or training. Trainees now may volunteer for this branch of the service, but one positive requirement is topnotch physical form.

Marie Belton Given Testimonial Party By VFW Auxiliary

The Ladies' Auxiliary of Dinsmoor-Schwing Post, Veterans of Foreign Wars, held a testimonial dinner last evening at the Y. W. C. A. activities building to compliment Mrs. Marie Belton, past president of the local unit and the Northwestern Counties Council Auxiliary, who has been named to the office of department color bearer.

Mrs. Belton has been most active in the work of the organization, serving in most of its offices, including the presidency, and at present taking charge of the work of counselor to the junior auxiliary.

Fall flowers and candles were used in artistic decoration of the dinner table, all carrying out a pretty red, white and blue color scheme.

Mrs. Belton was presented a gift by the auxiliary president, Mrs. Thelma Ploss. There were about 40 in attendance.

After the dinner, the auxiliary held its regular business session in the post rooms, making plans for the corn roast to be held tomorrow evening at six o'clock at the Elmer Ploss Farm at Smith Corners for the ladies and their husbands.

It was stated at this time that some of the members have planned to attend the meeting of district council at Rochester, Pa., on Sunday afternoon.

Start New Federal-State Program Here To Train Workers in Defense Industries; Inaugurated By OPM

Initial steps in a new federal-state program to train men in defense industries of this section through improved stream-lined methods were taken today when men representing firms in Warren, Bradford and Eldred gathered at the Warren High School for the first of two days of intensive training designed to fit them to instruct teachers who in turn will train individual workers for jobs.

The program, being tried in Pennsylvania for the first time after its successful use in the state of New Jersey, is being sponsored by the U. S. Office of Production Management with the cooperation of the federal and state education offices.

Joseph H. DeFrees, of the Pennsylvania Furnace and Iron Company, who recently was appointed a panel member of the OPM for District 11, which includes Warren, has made arrangements for the two-day school here.

District representative for the OPM is C. S. Coler, of Pittsburgh, formerly associated with the Westinghouse company and president of the Westinghouse night school. Birl E. Shultz, of Pittsburgh, is assistant district representative. Shultz is conducting the classes here today and tomorrow. Head of the new program in Washington is Channing R. Dooley, formerly personnel and public relations executive with the Socony Vacuum Oil Company.

Besides Shultz and DeFrees, those attending the sessions here include the following: J. H. Kannen, of the National Forge and Ordnance Company, Irvine; C. W. Rogers, local chemist; L. G. Brown and Alfred Maurer, of Struthers-Wells Company; Curtis Sasserson and R. W. Schwartz, of Pennsylvania Furnace and Iron Company; Paul Leonhart, of Warren Gear Manufacturing Company; Joel French, Hammond Iron Works; Victor VerMilyea, United Refining Company; Ralph Waterhouse, of the Warren High School faculty; Charles Walmsley, Dresser Manufacturing Company, Bradford.

The purpose of the classes being held here today and tomorrow is to train the selected group of men to go into defense plants of the district and teach foremen in the individual plants how to instruct new workers.

The sessions today and tomorrow will be nine hours each in length. Those who take this initial course will receive teachers' certificates, and will be paid by the state and federal governments to instruct the foremen in the various plants.

Courses for the foremen will consist of five two-hour sessions, upon completion of which the men will receive cards designating them as defense job instructors. They will in turn teach the new men under them while they are actually producing in their respective plants.

Mr. DeFrees said today that the plan, which has worked very successfully in New Jersey, cuts the time of training for defense workers. At the same time it improves the morale in the plants and also reduces training costs.

He stated that this type of training for plant foremen is available to all national defense industries at no cost to them. Manufacturers who might desire to take advantage of this training program have been invited to contact Mr. DeFrees at the Pennsylvania Furnace and Iron Company.

If the new streamlined training plan is as successful in this district as it has been in New Jersey, it will be expanded throughout the entire state, Mr. DeFrees said.

The other man, armed with a pistol, covered J. S. McCormick, the assistant cashier. When the two bank employes started moving toward the back of the bank and Graybill told the pair to "beat it" the holdup men fled fearing there would be gunplay.

Gray said that the prisoner here reenacted the holdup attempt at the bank when taken there for identification. He was named as one of the men, Gray said, by both Graybill and McCormick.

Under the Maritime Commission's urging, American shipyards have broken all records in production of the Liberty Ships. Taken in several shipyards, these pictures show how the first three Ugly Ducklings have been built in from four months and three days to four months and 27 days. That's against the World War record of six months and five days fro mkeel laying to launching.

Young Boy Dies After Beating

(From Page One)

The coroner's office ordered an autopsy to determine the cause of death.

Emil Cosnotti, 12-year-old uncle of Frank, gave this version of the fight in an Oakmont street last night in which Frank's family said he was hurt:

Frank was among a group of boys and girls when an older boy approached the group and, according to Emil, ordered another lad "to kick Frank."

"This other boy picked Frank up, choked him and threw him on the ground several times," Emil said. "The older boy held me so I couldn't help Frank."

Frank's father, an assistant foreman in a boiler works, reported that his son "complained of severe headache" and was nauseated. The father found Frank on a couch early this morning and when he was unable to arouse his son, called a physician who pronounced the boy dead.

Willkie said he hoped to call to the stand next week the heads of the four large companies to deny the propaganda and monopoly charges in person.

Meanwhile, Chairman Clark (D-Idaho) said the committee probably would arrange to see uncut versions of some of the pictures within a few days to permit members to determine for themselves if they contained war propaganda.

INFANTILE PARALYSIS IS STILL SPREADING

Harrisburg, Sept. 12—(AP)—Pennsylvania's infantile paralysis record today showed seven deaths and the spread of the outbreak to one new county, bringing to 49 the number affected.

Five new cases sent the total since the first of the year to more than 350.

A 7-year-old girl, Martha Belle Reynolds, Watsontown, was the latest victim.

Washington county in western Pennsylvania reported its first case, leaving only 18 counties unaffected by the outbreak.

State officials said they saw "no significance" in the fact that only five cases were reported yesterday compared with an earlier daily average of upwards 10.

FIRST FROST OF THE SEASON IS REPORTED

Erie, Sept. 12—(AP)—Erie, which sweltered in an 86-degree temperature earlier this week, had the season's first frost today.

The temperature here skidded to 41, with the Port Erie weather station forecasting continued fair, cool weather.

Allegheny county also experienced frost for the first time this season.

Weather observer W. S. Brotzman said in Pittsburgh, however dense fogs in valleys saved crops from serious damage. The temperature fell to 46 degrees in Pittsburgh.

STRIKE SITUATION AT BEAVER IS UNCHANGED

Berlin, Sept. 12—(AP)—AFL craftsmen affiliated with the Pittsburgh Building and Construction Trades Council continued today their strike on construction of the $5,000,000 Curtiss Wright propeller plant here despite certification of the dispute to Defense Mediation Board.

The council called the strike three days ago because of a prolonged controversy with the Duquesne Light Company over installation of electrical equipment in the plant, which will produce propellers for the nation's air forces.

GRANGE HEADS WARNS OF A FOOD SHORTAGE

Columbus, O., Sept. 12—(AP)—L. J. Taber of Columbus, master of the National Grange, said today that a food shortage impends in the United States unless farm machinery manufacturers are granted steel priorities.

"There is certain to be a general farm labor shortage next year and this must be offset by increased use of machinery," Taber told the Ohio defense council.

"We must see that farm machinery manufacturers get sufficient steel to supply the increased demand if we hope to avert a food shortage," he said.

FOR THE LOVE OF PAM

By VIVIEN GREY

YESTERDAY: Partly because of a bet with Antoine, the orchestra leader, but mostly because he wanted to see Pam Quellerton again, Jerry Winthrope has asked her to a dance at Casa Marina. Jerry's mother has been very nice to Pamela, his sister has been rude, and now Freda Barington, whom Jerry has known a long time, is talking with him about his new friend.

Chapter Four

Freda's Ring

"YOU might tell me who she is," Freda said finally.

Jerry turned to search the girl's face. There had been something in her voice that caught his attention. Freda Barington was the girl his name had always been linked with. He had squired her to dances and made gay whirls of night clubs with her. And somehow she always showed up at the places his family spent their winters.

Freda and her mother, the indulgent and very rich Toni Barington, invariably arrived a few days after the Winthropes had settled in winter quarters. It had been a taken-for-granted thing, and Freda was a nice girl, Jerry admitted. She had been a grand playmate.

Jerry glanced at her now and was acutely aware of the large square diamond on the third finger of her left hand. His diamond. He remembered the day he got it for her.

He had driven Freda and her mother back to their apartment in New York after a week-end with his mother in Westchester. Mrs. Barington wanted to pick up a bracelet she was having repaired at a fashionable jeweler's. Freda was intrigued by the diamond display and the clerk, recognizing her as the daughter of one of the firm's best customers, got out the ring that interested Freda most.

Freda slipped it on her finger and turned delightedly to Jerry.

"Look, darling! I just ache with envy of the girl who'll get this!"

Mrs. Barington had breezed along just then. Her blithe, careless glance had gone from Freda to Jerry.

"Well, why not now, Jerry?" she had asked lightly.

Freda's eyes had questioned his for a full minute.

"Why not!" from Jerry.

So Freda kept the ring and the price of it was put on Jerry's father's account.

Freda took off the ring and there on Fifth Avenue insisted Jerry make a ceremony of putting it on her finger.

"Now kiss me!" she commanded imperiously.

Jerry kissed her.

"You two darling idiots!" Mrs. Barington said, laughing gently.

And people passing turned to look and smile at the handsome young couple so obviously in love.

Next day when he got home he had told his mother about giving Freda the ring.

"Oh, darling, I'm so glad!" She had stood on tipoe then and kissed her tall, handsome son.

His mother and Toni Barington had been girlhood friends. Only Toni had been rich even then, as the only daughter of the owners of a prosperous glass factory at Shirley, Indiana. His mother liked Freda. . . .

"Who is she, Jerry?" Freda's voice penetrated his thoughts.

"Her name is Pamela." Jerry hesitated, as if realizing for the first time that he knew little more about her than just her name.

"And she's the sweetest, loveliest thing in the world!" Freda finished for him, laughing. "Well, I suppose there are times when that's all a man needs know about a girl."

Dinner For Two

HER voice was light, but her eyes were on him with more than a casual glance.

"You haven't said a word to me, Jerry," she continued. "You haven't even noticed the dress that I put on purposely for you. Mother made me buy it because she said you'd like it. Can't you put yourself out a little and say something nice to a girl once in a while?"

Jerry looked at her then. Freda was beautiful in a sleek, smooth way. She was always dramatic as to dress.

"You're magnificent tonight, Freda," he said obediently.

"There! That's much better!" she smiled. "And now aren't you going to ask me to dance?"

"Of course, Freda."

They danced. Then Jerry was back beside Pam, claiming her from the little group of young men milling about her.

He insisted upon dinner at the hotel. "You owe me that," he urged when Pam suggested home, "for all the time I've let you spend with these other fellows."

Pam said then she must telephone Melita. She always let Melita know when she wouldn't be home for dinner so Melita wouldn't wait and spoil her own evening.

Jerry smiled whimsically. "All right," he said. "You've got some quaint tricks, but I like them." And he did, he reflected, as he slipped the coin in the box for her and waited while she talked.

She was so refreshingly different. So sincere and considerate with everyone. That was part of it, he thought. That was the thing that was reaching out and taking hold of his heart. Her beauty alone couldn't have done it. He had seen hundreds of beautiful girls. It was that sweet graciousness, that unselfishness running like a bright thread through all the pattern of her living, that drew him to Pam. It was a golden chain linking him to her life. And he was glad.

There were no more unhappy incidents that evening. Jerry's mother stopped a moment at their table, but declined Jerry's invitation to dine with them.

"I know young people like to be alone," she said. "I won't spoil this for you." And then went on to another table.

"She's sweet," Pam said a trace wistfully, recalling her own mother.

"Adele's swell." Jerry was looking thoughtfully at his mother, reflecting that if she knew what he did about Pam she would not feel their time alone together was to be so short that she might spoil something just by having dinner with them. It had been a rather generous gesture on the part of his mother, yet it gave him a clue to her belief regarding himself and Pam.

It was evident she thought it was to be an affair of short duration.

The Kiss

THE fragrant dark of Florida night was vaguely silvered by moonlight when Pam and Jerry finally walked down the curving drive of the hotel toward Jerry's car.

Pam was glad Jerry drove slowly through the deserted streets, white under the pale moon. She was glad he didn't talk much. She had never ceased to love her home town, Key West. She loved the quaint charm of it. Friendly little houses, their shabbiness turned to beauty by the shadows, nestled close as if to give some long-gone seafarer's wife neighborly companionship even while she scrubbed the wide floor-boards of her kitchen or cooked the rich guava to richer preserves.

To be there with the things she had known and loved—and Jerry beside her—was happiness enough.

And Jerry, too, was thinking. He was thinking of Pam and Freda. Freda with her sleek, smooth beauty. But that wasn't the kind of beauty he wanted. There had been dozens of girls dancing there at the hotel who had Freda's sort of beauty. It was available at exclusive stores in little jars, in pretty bottles, in dresses and gadgets that bore names representative of class and distinction. It was purely and wholly of the exterior. And it left him cold.

While Pam—he dared look for an instant at her lovely young face beside him, dream-swept, exalted, her soft brown eyes and gently tanned skin, a startlingly lovely note against the gold of her hair. Her beauty was real. Something deep from within. Like a lamp burning steadily. Like a candle lighted in a cottage window. Her beauty was real and natural. It had nothing to do with things handed over the counters of shops.

They reached Pam's home, with its lawns and garden much larger than most of its neighbors and its chimney that rose from a spacious fireplace.

It had been a happy evening, in spite of Lenore's cruel remarks. As a family, the Quellertons had always made a point of trying to forget unpleasant things. Pam still kept to that philosophy. It had been one of the happiest evenings she had known since she had been alone. The thought frightened her because Jerry was, after all, a winter man. She must dismiss him quickly.

With a swift, audacious gesture, she took one of the violets from her dress, kissed the tip of her finger, touched the kiss to the violet and gave it to Jerry.

"There! That's good-night and thank you for a lovely, lovely time!"

She drew back then, startled at what her impulse had led her to do. But Jerry caught her hand as he took the violet and raised it to his lips and kissed each finger tip.

"You're cuter than a mouse's ear," he said, as he carefully put the violet away.

Pam laughed. "How cute is that?" she asked.

For answer Jerry's arms closed around her and drew her close against his heart.

"That cute," he said as he kissed her.

Pam drew back, hurt and confused.

"Don't look at me like that, Pam," he said. "I mean so much that I can't say now. Things that shouldn't make you unhappy, dear."

But still Pam drew back. "Don't," she said softly, in a hurt little voice. "Please don't say anything more."

"Why, Pam? Is there someone else?"

"No," she answered thoughtfully. "After all, you're a winter man."

"Pam!" He claimed her hands with a sort of humble reverence. "I see what you mean. But this is different. Please try to believe me. You're going to have to some day."

WARREN HIGH MEETS LESON'S GIRARD ELEVEN TOMORROW

Yellow Jackets Are Underdogs Against Blue And White Team; Dragons Seek Second Triumph

The Warren High School Dragons will be after their second victory of the season in their third start tomorrow afternoon when they tackle Joe Leson's Girard High School eleven in a game on Russell Field starting at two thirty o'clock.

The local team problem being pretty well under control by now, Coach "Jake" Leidig plans to start much the same lineup as that which opened last Saturday's fray against the Youngsville High Eagles.

Coach Leson will bring thirty-seven players, nearly his entire squad, to Warren for the battle, the contest here composing the big road trip of the campaign for the Yellow Jackets and being the highlight of their grid card.

With a fair ground attack and a capable aerial offense, the invaders will endeavor to outsmart the Dragons and take advantage of any and all breaks afforded them to fight their way to victory.

On the other hand, owning the heavier squad and being strong in the air, the Blue and White juggernaut is expected to use this to advantage in whipping the Leson crew.

Last year the two teams played an exciting game before a large crowd which the locals won 19-6, but not until after having a serious threat from the visitors as Hajnik, brother to "Red", the Forge baseball star, dashed nearly the length of the field to score their only touchdown and knot the count at half time.

While it was a fortunate run in many ways, the blocking that the speedy runner received in his jaunt was something to marvel at, and Leson's charges will at least know how to clear the way if they get an opportunity.

While Girard is the underdog in the game, they are expected to give the Blue and White all they may ask for in the way of a football fracas, and the locals will have to play heads-up ball every minute to leave the contest victorious.

Having shown their goods favorably in last week's game, it is expected that Keith Patchen and Gail Cobb, add possibly Bob Sedon to the list, will draw starting assignments against the Yellow Jackets. The remainder of the Leidig squad will be composed of the same players seen as starters in the other two games played to date.

Probable lineups for the contest, with players' numbers, are:

Girard	Pos.	Warren
Dudas (20)	LE	Black (53)
Her'anson (33)	LT	Peterson (74)
Mushrush (55)	LG	Marasco (58)

In Semi-Finals of Women's Links Play

Brookline, Mass., Sept. 12—(AP)—With two southerners safely berthed in the opposite side of the draw, that golfing sector appears to have a strong chance to retain its firm grip on the women's national championship title, a competition that enters its semi-final stage today at the Country Club.

Foremost, if previous form can be depended upon, was Mrs. Estelle Lawson Page of Greensboro, N. C., the 1937 winner, who became a semi-finalist for the third time in five years by overwhelming Janet Younker of White Plains, N. Y., 5 and 4, the quarter-finals' most one-sided margin.

Today she plays Mrs. Betty Hicks Newell, of Long Branch, Calif.

The survivors in the upper half were the south's second ranking threat, Mrs. Frank Goldthwaite of Fort Worth, Tex., and the long-hitting Helen Sigel of Philadelphia.

Miss Sigel became one of the last four, thereby moving against Mrs. Goldthwaite, by defeating Mrs. Reinert M. Torgerson, of Great Neck, N. Y., 1 up, and the Texan kept pace with her by leading and then over-taking Mrs. Sylva Annenberg Leichner fo Flushing, N. Y., the metropolitan district's titlist, for a 19-hole win.

LEAP YEARS

Leap year does not come every four years. Any year whose number is divisible by 4 is a leap year, usually, but if the number is divisible by 100, it must also be divisible by 400 to be a leap year.

HOMEWOOD A. C. TO MEET JACKETS SUNDAY

Putting Indian Sign On Trouble

Chief Roger Peckinpaugh, left, assured new hands from Wilkes-Barre farm that everything is tranquil in wigwam. All smiles as they start life with Turbulent Tribe are, left to right: Shortstop Jack Conway, Outfielder Bob Frierson, Third Baseman Bob Lemon, Pitcher Red Embree and Catcher Jim Hegan.

CARL SNAVELY'S CORNELL SQUAD PLENTY GREEN

BY ALFRED MAAS

Ithaca, N. Y., Sept. 12—(AP)—Coach Carl Snavely at Cornell University is sure of just one thing as he faces a football season with a batful of sophomores and only seven lettermen—he's looking forward to an "interesting job."

The loss of 20 lettermen through graduation has broken up the first three teams of a Cornell squad that last year won six games, running out a string of 18 games without defeat, and lost two.

Snavely has no passer to take the place of Hal McCullough, no blocking back and play caller who at this moment could give even a good imitation of Walt Matusczak, and certainly no tackle with anywhere near the skill of Nick Drahos.

"It's an awfully green team," Snavely sighed, riffling his wad of player records. "But working with a green team is an interesting job. I'm looking forward to it, and I'm going to enjoy it, win or lose."

That is Snavely, the football technician, speaking of a knotty problem with the earnest relish of an Einstein sitting down to a new mathematical formula.

But here is Snavely the Cornell coach, whose teams in the last five seasons put the "big" back into the "Big Red"

"It's foolish to talk about how good we're going to be. Of the lettermen only Right End Ray Jenkins and Halfback Lou Bufalino have had any considerable game experience. Almost none of the subs has been in a varsity game.

There are no lettermen at center or right guard, quarterback or fullback. Only veterans in addition to Jenkins and Bufalino are Left End Roy Johnsen, Left Tackle Ed Van Order, Left Guard Pete Wolff, Right Tackle Norman Christensen, and Right Halfback Ken Stofer.

U. S. ALMOND CROPS

During 1939, the almond crop of the United States amounted to 19,200 tons, but in 1940 it dwindled to 12,000 tons, according to estimates.

At its extreme points, the continent of Africa is nearly equal in length and breadth.

Brooks Cop 2 Game Lead Over Redbirds With 11-Inning Win

BY JUDSON BAILEY
Associated Press Sports Writer

The stupendous struggle of the St. Louis Cardinals and Brooklyn Dodgers for the National League pennant keeps piling climax on top of climax.

Yesterday the Dodgers battled to a 6-4 trumph over the Cardinals in 11 innings of baseball as tense and thrilling as any world series session could be and yet their series has two more contests to go and as much remains to be decided as though the season were in its infancy.

The victory boosted the Dodgers' lead to two full games, a wonderful cushion to have at a time like this, and it concentrated the pressure on the Cardinals. But it didn't remove the crisis that existed before the series started because St. Louis still could regain first place by two percentage points by capturing the encounters today and tomorrow.

The standings now:

	W.	L.	Pct.
Brooklyn	89	49	.645
St. Louis	86	50	.632

The difference between the two teams yesterday was just two men—Dolph Camilli and Dixie Walker of the Dodgers. Camilli clouted his 33rd homer with two on to climax a four-run rally in the fourth inning. Walker singled with the bases loaded in the 11th for the winning runs.

Ernie White, young Cardinal lefthander, allowed only seven hits over the long route. Yet his hurling actually was not as effective as that of fat, 40-year-old Fred Fitzsimmons, who gave up 10 hits before being removed for a pinch-hitter in the 11th.

In the other National League action, the New York Giants crushed the Cincinnati Reds, 6-0, with four hit pitching by Bob Carpenter. The Pittsburgh Pirates and Boston Braves divided a doubleheader. The Pirates took the opener 7-5, scoring four runs in the second to make Ken Heintzelman's task easy. In the nightcap Tom Earley pitched a 10-0 shutout for the Braves, with the Pirates making six errors.

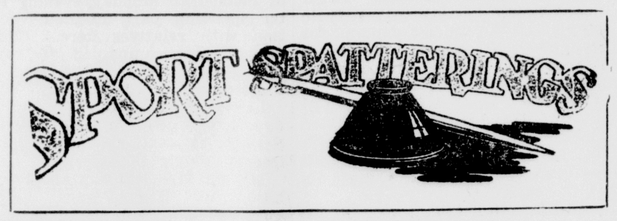

The Detroit Tigers evened their season's series with the New York Yankees at 10-all by wringing out a 5-4 decision in 12 innings.

Herman Besse rejoined the Philadelphia Athletics and clipped the Chicago White Sox, 2-1. Cleveland defeated Washington, 8-5 and 3-2.

HOMEWOOD A. C. WORTHY REPLACEMENT FOR GARFIELD EAGLES; GIRARD WILL GIVE DRAGONS PLENTY OF OPPOSITION

Uncle Sam has taken his share of athletes in the past year, but we don't believe any organization was hit harder that the Red Jackets when he took their entire squad of opponents off the gridiron and put them in the defense plants causing a cancellation of Sunday's game. However, the Garfield Eagles aren't out of commission for a year (or more) and therefore may be booked again later on. Meanwhile, let's get the inside on their successor to the Sunday date, the Homewood A. C. This club played here the second game in the season last fall and dropped a 21-7 decision, but that was before they strengthened their lineup. At the close of their campaign last year the Homewood club had become one of the most dangerous semi-pro powers in the section, and were not far behind the Eagles in claiming honors. This season the team has added some new talent to its squad and the bolstered lineup has marked them as one of the clubs to watch in the campaign around Pittsburgh this autumn. So while the Jackets can't show the Eagles to Warren fans on Sunday, they have booked the Homewood boys and promise a real battle.

Joe Leson returns to Russell Field, where he made football history not too long ago, tomorrow afternoon when his Union High Yellow Jackets of Girard match their skill with that of Coach J. B. Leidig's Dragons in what should be a nip and tuck tussle. Joe plans on bringing thirty-seven players with him for the game, it being the big trip of the season for Girard and every boy looking forward to that treat. And if they pay Joe back as they did last year, he won't feel slighted. When Red Hajnik's brother hot-footed it over the near-length of the field to score Girard's only touchdown and show the Blue and White they had some competition, it brought a smile of satisfaction to the face of Leson. Whether or not his charges can pull any tricks from the bag this Saturday is unknown, but Joe's team, though material is limited, has the spirit and the fight to give any club a good run for the money, and the Dragons, if they don't respect this fact, will soon learn tomorrow after the kickoff. The Yellow Jackets will mix their plays between ground and air, but probably will use the latter means of progress more or less, as they will be outweighed by a husky local team. And one other point we may bring out, the Leson crew will be garbed in former Red Jacket uniforms when they trot onto Russell Field.

Coffin corner cannonade . . . Our choice is the Dragons tomorrow by about 20 to 6 or 7 . . . And if our luck holds out, that score may look pretty good . . . The first game against Academy, we had the locals down for a 20-7 licking; it was 14-7 . . . Last Saturday we named 19-0 for Warren's victory and were but a point off . . . The City bowling loop has eight teams but needs a backer for the eighth club . . . However, one is on the line now so that the circuit should have little trouble in making preparations to open September 23 . . . In three weeks of practicing Coach Leidig has molded his club into a pretty definite varsity squad, and when you consider that tomorrow's starting lineup will be practically the same as that which started against Youngsville, it looks as though from now on the local mentor will know where he stands and the team will improve steadily . . . With most of the experimenting over, "Jake" can tell who to put where . . . Bill Rice, our predecessor, has finally consented to lend his talents (and that golden voice) to the Red Jackets in the P. A. department again this year . . . We suspected the fever would get him before the season was under way . . .

WATERFORD HI AND SHEFFIELD MIX TOMORROW

Sheffield, Sept. 11.—The first game of the 1941 season for the Sheffield H. S. football team will be played here this coming Saturday afternoon, when the Orange and Black will be host to the Waterford H. S. team.

Directed this year by Joe Massa, new coach, the Wolverines have been working out diligently under his supervision the past 10 days or so to get in condition for the campaign.

The squad consists of only 20 some candidates, of which number only four are lettermen. The tentative first-string eleven includes Captain Don Lyle and Mike Steffan, halfbacks; Lowell Blake, fullback; Jerry Sorvelli, quarterback; Nick Otto, Harold McClellan or Kenny Fitch, ends; Baryl Burlingame, center; Andy Pochatko and Joe Clark, guards, and George Schultz and Marvin Schmedlin, tackles.

Other leading candidates are: Bob Gustafson, Sherry Henry, Mickey Peroski, Harry Lloyd, John Evan, Bob Trubic, John Hoden, Jim Shick, Dick Miller, Paul Carlson and Don Gibson. Neither Carl Hecie, letterman guard, nor Chuck Kosinski, husky reservist of whom much was expected this season, has yet reported for duty.

Angott Eager to Go Against Lew Jenkins

Washington, Pa., Sept. 12—(AP)—Sammy Angott, suspended N. B. A. lightweight champion, can hardly wait for his October 31 title fight with Lew Jenkins, which will clear up the fog beclouding the lightweight crown.

The match with Jenkins, skinny Texan holding the New York State version of the title, has been postponed twice, and Angott thinks that is the reason the National Boxing Association suspended him this week on grounds of failure to defend his title against a logical contender at least once a year.

"I don't know any other reason why they should suspend me," he said. "Maybe they were trying to make sure there won't be any more delays."

Angott said he had been assured by Promoter Mike Jacobs and the New York Boxing Commission that the fight, to be held in New York, this time "is really on." He will start training at New York after meeting Lee Sheppard of Cleveland in a tune-up bout at Akron, O., Sept. 19.

Chalky Wright Cops Fraction of Crown

Washington, Sept. 12.—(AP)—Chalky Wright, a streamlined little fighting whirlwind from Los Angeles, took over today as featherweight king in New York and Maryland, and promised to take on all comers in the division—"the tougher the better."

Chalky, a lithe Negro with plenty of power in his flying fists, knocked out Joey Archibald, the Providence, R. I., veteran, after 54 seconds of the 11th round here last night to gain the New York-Maryland title recognition. Each boy weighed 125.

Chalky particularly wants to battle Richie Lemos, another Californian, whom the National Boxing Association ranks as featherweight champion. Such a bout, Wright said, would clear up the muddled situation created by the rival claims. Lemos holds an overweight verdict over Archibald and a win over Pete Scalzo, a former featherweight king.

Zale-Abrams Setto Carded Tonight Off

New York, Sept. 12.—(AP)—Tony Zale will spend tonight in a hospital instead of in the ring at Madison Square Garden—and as a result the middleweight division will have to remain the muddleweight for a while.

Tony was scheduled to oppose Georgie Abrams, the moon-faced scrapper from Washington, by way of Uncle Sam's Navy, in a 10-round non title bout that was to have been the first step in straightening out the conflicting title claims of Zale and Billy Soose, the New York recognized titleholder.

But Zale neglected what appeared to be a minor skin ailment on his feet and legs, until last night it suddenly became so bad that he went to see a doctor. He wound up in a hospital, where he is expected to remain a week or more.

Promoter Mike Jacobs decided there was no chance to arrange a satisfactory substitute program.

If you placed one grain of corn on the first square of a checkerboard, doubling the number of grains on each succeeding square, there would'nt be enough corn in Canada and the United States to finish the board.

Replace Garfield Eagles As Red Jacket Foes; Colored Team Is Forced To Cancel Fracas Here

For the second time the opponent for the Red Jackets has been changed, the Garfield Eagles being forced to cancel their contest for Sunday with the Red Jackets via a wire yesterday when it was learned that the majority of the strong colored team had been called into several defense plants on an emergency shift that would take up their time all day Sunday.

With contracts closed and the Eagles enthusiastic about coming to Warren to meet the mythical western Pennsylvania semi-pro champions Booking Manager Claude Schindler of the local crew received a telegram yesterday afternoon to the effect that the Eagles could not play and with no explanation.

Immediately, therefore, the alert booking agent filled in the opening with the capable Homewood Athletic Club of Pittsburgh, a club which gave the mighty warriors of last year a good game until reserve power decided the issue 21-7.

And this season, the Smokey City boys are stronger than before, having risen to be one of the most respected grid outfits in or around Pittsburgh in their ranks before the curtain fell on last fall's campaign.

With many veterans of last year's team, and a lot of new material to make the team livelier and stronger, the Homewood club is already being looked to as one of the teams to watch as the many sandlot teams in that area start on their annual hunt for grid fame and fortune this year.

Newspapers from around Pittsburgh have Homewood placed high in the sandlot grid conference in the Smokey City, and with the revamped squad, are predicting they'll be the surprise outfit of this season.

All of which adds up to the fact that the Red Jackets are fortunate in having been able to secure such a worthy substitute for the Garfield club on a minute's notice.

Sundya's game starts at two thirty o'clock daylight time, and season tickets will be honored with popular prices prevailing for individual admissions. Due to preseason ticket sale, a record opening day crowd is expected to welcome semi-pro football to Warren for another season. The Jacket management is predicting that a throng of nearly 2,000 will be on hand for the game if the weather is favorable.

GANZA TO PLAY

Harry Ganza, former Erie Tech grid star and stellar 245-pound fullback, practised last night with the Red Jackets and will be ready to see action in Sunday's opener against Homewood, it was announced today by the Jacket coaching staff. Harvey Garfinkle, Wake Forest star of last season and sturdy line candidate, also will be seen in Sunday's encounter.

Sports Round-up

BY HUGH S. FULLERTON, JR.

New York, Sept. 12—(The Special News Service)—No matter what happens from here on, the boys can't make any more cracks about the Dodgers' old men. . . . Fred Fitzsimmons is the daddy of them all and if anybody could give a better or more courageous performance than he did yesterday, we'd like to hear about it. . . and Fitz hasn't been getting any too much help, either—thirteen errors behind him in the past four games he's pitched, . . . Anyway, Peewee Reese's contributions to the error list are making Joe Cronin look good. He's maintained all along the kid wasn't a major leaguer. . . And how the Yanks must have laughed when they heard the teams that want to play them in the world series had kicked eight chances in one game. . . . Michael Smith, a Brooklyn embalmer who is a red-hot Dodger fan, joined the club on the way to St. Louis and for a while yesterday it looked as if he could go right to work on Brooklyn's pennant hopes. . . The excitement over this series isn't limited to Flatbush and St. Looey, either. . . . So many newspapers sent men to cover the games that they had to build an emergency press stand to take care of the overflow. . . . If they don't win today, the Cards had better change their brand of vitamin pills. . . . Dolph Camilli is Brooklyn's chief consumer of pep pellets and you saw what he did. . . . Dolph takes two kinds and the boys say the big ones are for homers and the little 'uns for smaller-sized base hits.

Quote, Unquote

Mike Jacobs: "I think the N. B. A. made a wise choice and I've wired congratulations to Abe Greene. I think we can get together down at my place in Rumson and do something for the good of boxing."

Service Dept.

Lieutenant Carl Newsome of the air corps, formerly sports ed. of the High Point (N. C.) Enterprise, asks how about running a few more notes on what the boys in the army camps are doing. . . . Well, here goes. . . . Lt. Newsome has been stationed in three camps in the past 10 weeks, Fort Bragg (N. C.), Maxwell Field (Ala.) and Baton Rouge (La.) air base. . . . One of the guys with him at Baton Rouge is Wally Young, the old Oklahoma All-American. . . . Last year Coach Vee Green of Drake had five varsity fullbacks and five on the freshman squad. Now one is in the marines, two in the army, one in the flying corps and one of the frosh took a job in an airplane factory, leaving one letterman and four other yearlings, who promptly became ineligible. . . . The Moffett Field (Calif.) flyers have lined up a nine-game grid schedule, starting September 20 against Nevada. . . . Maybe they could lend a few games to Will Roger air base in Oklahoma, which started practice with no equipment, no schedule and an uncertain squad but with plenty of enthusiasm. . . Marsh Farmer, the one-armed hurdler from Texas Tech, would like to join the air corps if they'd take him. . . . He figures if he can rope and brand calves with one hand, piloting a plane shouldn't be too hard. . . . Rhoten Shetley, ex-Furman fullback, is at Fort Bragg and plans to play with the New

Sinking of 22 Ships Claimed

(From Page One)

"Not Mr. Roosevelt, but we, will determine that," he retorted.

The spokesman took up point by point the president's allegation of German design against American shipping.

Concerning the U. S. Destroyer Greer, he reiterated that the German submarine fired only after the Greer had dropped depth bombs.

The president's statement that a submarine had followed a United State battleship last July, he called a "pure invention."

The merchant ship Robin Moor was sunk in the southern Atlantic in accordance with the usages of international law, the spokesman declared, claiming she was carrying contraband.

If the American merchantman Steel Seafarer was among the ships sunk by German planes, he contended, she was in a war zone declared by both Germany and Italy and was loaded with war materials for Britain in the Near East.

(Mr. Roosevelt said the Steel Seafarer, sunk six days ago, was sent down by a German plane in the Red Sea 220 miles southeast of Suez while bound for an Egyptian port.)

The spokesman explained that it is extremely difficult to establish the nationality of a ship in a night attack.

Concerning the sinking of the S. S. Sessa off Iceland by a submarine, he said the vessel was under the flag of Panama and "Roosevelt is not the protector of Panama."

Bulletins from Hitler's headquarters made clear that the raid on the 40-ship, heavily guarded British convoy began before President Roosevelt spoke and also that it still was going on.

It did not say specifically where in the North Atlantic the encfounter was taking place.

(The president's orders applied to Axis raiders sighted within waters "the protection of which is necessary for American defense.")

Hitler himself told the German nation that "in the hostile outside world, Jewish capitalism and Bolshevism have united in an attempt to destroy the National Socialist German Reich...."

In a written appeal for donations to the winter relief fund, he declared German soldiers' sacrifices "in blood, sweat, worries and privations" already have reaped success "unheard of in world history" and reiterated that Germany "cannot be defeated."

A. F. L. BEING HEARD AT ALTOONA INQUIRY

Altoona, Sept. 12—(AP)—Representatives of an AFL union were summoned to a National Labor Board hearing today to testify in support of the union's demand for recognition as bargaining agent of Pennsylvania Edison Company employes.

The AFL International Brotherhood of Electrical Workers is contesting the claim of the CIO Utility Workers Organizing Committee that it represents a majority of the employes.

NLRB Trial Examiner Webster Powell said officials of the CIO union gave "their side of the picture" as the hearing opened yesterday.

Gordon Moylan, of Rochester, N. Y. spent the weekend with his mother here.

HALIFAX IS CHEERED BY PRONOUNCEMENT

London, Sept. 12—(AP)—Lord Halifax, the British ambassador to Washington, said today that every Briton has been "greatly heartened" by President Roosevelt's notrespass warning to Axis warships and submarines.

Speaking at an airport factory, the ambassador, who is in London for consultations, said Mr. Roosevelt's speech was the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

Invasion Armies In Reverse

(From Page One)

Berlin, Sept. 12.—(AP)—The German High Command admitted today that rain and mud were making the Nazi invasion of Russia difficult but insisted operations were nevertheless "progressing well."

"Stronger" Russian troop concentrations in the central sector yesterday were taken under "effective fire" by German artillery, DNB said, resulting in the dispersing of Soviet units.

Bitter fights were reported in the northern area, where Berlin informants said the German forces advanced despite "stubborn resistance and widespread mine fields." One army corps reported cleaning up 6,700 mines in two days while taking Soviet field positions and one town, military sources said.

Soviet losses in this area were estimated here at 1,200 prisoners, 12 tanks and 60 artillery pieces. At another point in the same sector DNB said the Germans made further territorial gains as well.

The agency said a German combat plane yesterday bombed a munitions dump at Tobruk, Libya, causing "a big fire and heavy detonations," at that British-held North African strong point.

en by the authorities. All Boy Scout organizations were ordered dissolved.

Authorities in Bergen, Trondheim and Stavanger threatened to proclaim a civic siege such as exists in Oslo if there were any signs of agitation.

(A dispatch from Berlin quoted the Oslo Nazi paper, Fritt Folk, as warning the public that additional heads of organizations would lose their positions "if they are not more reasonable."

SPEECH FAILS TO AFFECT STOCKS

New York, Sept. 12—(AP)—Last night's "shooting" broadcast of the president was received by financial markets today with notable equanimity.

While the ordinary trimming of commitments for a week-end stemmed an early modest advance in stocks, commodities exhibited fresh strength and bonds were just about steady. Fractional gains in the stock list were plentiful near the final hour, but there were enough small declines to make for mild irregularity. Dealings were at the rate of approximately 700,000 shares for the full proceedings.

Executive Says Nation Ready to Meet Unrestricted Warfare

(From Page One)

vious presidential pronouncements in an effort to work out one for themselves.

The general conclusion was that the "keep out" zone would include all of the west Atlantic from Iceland down to the areas off the long South American coastline. However, Mr. Roosevelt has indicated on several occasions that, from the standpoint of defense, he considers the hemisphere's geographical boundary an elastic line. Such a conception, officials were quick to note, would not be calculated to hamper naval operations under last night's orders.

The uncertainty on the subject was further heightened by this passage from Mr. Roosevelt's address:

"No act of violence, no act of intimidation will keep us from maintaining intact two bulwarks of American defense: First our line of supply of materials to the enemies of Hitler, and second, the freedom of our shipping on the high seas."

The reference to the supply line to the enemies of Hitler was believed to be the basis for the British interpretation that American naval units would provide trans-Atlantic guard for their shipping. It also started administration opponents proclaiming: "The convoys are coming."

But Mr. Roosevelt had nothing more to say on this particular point.

It was to the Atlantic that Mr. Roosevelt addressed himself most of the time and he denounced Axis raiders there as "pirates" and "rattlesnakes."

"... When you see a rattlesnake poised to strike," he said, "you do not wait until he has struck you before you crush him.

"These Nazi submarines and raiders are the rattlesnakes of the Atlantic. They are a menace to the free pathways of the high seas. They are a challenge of our own sovereignty. They hammer at our most precious rights when they attack ships of the American flag—symbols of our independence, our freedom, our very life."

CHICAGO GRAIN

Chicago, Sept. 12—(AP)—Grain and soybean prices advanced sharply early today as a result of buying which traders said was stimulated largely by the president's speech.

Wheat was up almost two cents, corn and rye about a cent and oats more than a cent, all to new highs for the past four years. Soybeans advanced as much as five cents, reaching new all-time peaks with the May contracts selling as high as $2.02.

Opening ⅞-½ higher, September 1.21, December 1.24¾-1.25, wheat later advanced further. Corn started ¼-¾ up, September 81, December 85⅞-86¼.

TEACHER NAMED AT YOUNGSVILLE FOR THIS YEAR

Youngsville, Sept. 12.—At a meeting of the Youngsville borough school board, held this week, the resignation of Frederick Jaffin, teacher in the junior and senior high schools, was accepted and James Cable, principal of the Pittsfield school, was elected to fill the vacancy.

Mr. Jaffin resigned to continue work at the National Forge and Ordnance Company, where he has been employed during the summer months. However, he will continue to teach here until the Pittsfield position can be filled.

Supervising Principal Paul Getts reported that school was going very well, but that the music, science and art departments are handicapped by lack of sufficient room for their activities.

He also reported that the junior high school work is being arranged so that there is very little changing by students from one building to another.

The board gave permission for the school band or orchestra to provide music for the directors' meeting at the court house, Warren, on Thursday, September 25.

FOOTBALL PARADE

Youngsville school band led a large group of students in a pep parade about town Thursday evening in preparation for the football game being played in Corry this evening. A large bonfire was lighted, with the students gathering around it for a pep meeting.

NEW PASTOR HERE

Rev. and Mrs. Charles McIntyre have moved from Bradford into their new home in the Youngsville United Brethren parsonage. Monday evening at 6 p. m. the new pastor and wife will be the honor guests at a welcoming dinner in the United Brethren church dining room. All members and friends of the church are invited.

BRIEFS

A group of Youngsville ladies motored to Erie Tuesday evening and enjoyed the personal appearance at the theater of the Breakfast Club. Those making the trip were Mrs. John Weaver, Mrs. Glen Sitler, Mrs. Lorrine Brooks, Mrs. Lee Sitler and Mrs. W. H. Brazee.

Youngsville students are getting back to college. John Zeliff left the first of the week for Duke University, Durham, N. C. John Sheffer and Warren Husted are leaving today for Houghton College. Arthur Briggs is beginning a course at the Conservatory of Music, Oberlin.

Gordon Kay is returning to his course in Cleveland. Charles Jones will be back in Bucknell.

The first Parent-Teachers meeting of the year will be held Tuesday, Sept. 23rd.

Mrs. Clara McKinney was hostess Wednesday afternoon to the U. B. Ladies Missionary Society.

CELEBRATES 50 YEARS IN LAW PRACTICE HERE

W. J. Knupp, well known member of the Warren County Bar Association, was honored last night at his home, 20 Fourth avenue, at an unusually interesting and enjoyable gatherng.

His daughter, Miss Montana Knupp, who is also a member of the bar association, entertained fellow-members at a charming dinner party to mark the 50th anniversary of Mr. Knupp's receiving of the sheepskin which permitted him to follow the practice of law.

Fall flowers throughout the home and golden gladioli as a table centerpiece emphasized the golden motif, also repeated in place cards and portions of the menu.

In remembrance of the passing of this milestone, J. H. Alexander, president of the association, presented to Mr. Knupp a handsome brief case.

GERMANY FOLLOWS ROOSEVELT'S "SHOOT-ON-SIGHT" ORDER WITH ANNOUNCEMENT OF GREAT U-BOAT ATTACK

INVASION ARMIES IN REVERSE

Warsaw-to-Moscow Drive of Adolf Hitler's Blitzkrieg Legions is Declared by Soviet Sources to Be Turned Back in Bloody Smolensk Sector at Rate of From Seven to Ten Miles a Day

BERLIN BLAMES IT ON ADVERSE WEATHER

Moscow, Sept. 12.—(AP)—Counter-attacking Russians crossed the lower Dnieper at four points today and claimed capture of an island and two villages from the Germans even as new reverses for the Wehrmacht in the bloody Smolensk central sector dashed all Adolf Hitler's hopes of equalling Napoleon's 83-day march to Moscow.

In this 83rd day of the Nazi invasion, Marshal Semeon Timoshenko's central Red Army reported recapture of the village of Olkha as its latest success in the continuing westward thrust against the invaders. Red Star, the Soviet army newspaper, said a platoon scouted the village in advance and then a tank charge threw the Germans out. More than 100 dead men, 17 field guns and 10 mortars were left behind.

Fighting extended all up and down the central zone, Red Star saying the Germans were being driven back upon Smolensk at the rate of 7 to 10 miles a day.

In the new Soviet counter-attacks along the lower Dnieper, where the Germans have made their greatest gains, the island of Hortitsa was captured from German and Rumanian forces who lost 500 slain, Red Star said.

The villages of Voyskovoye and Fedorovka on the west bank fell to a surprise attack by Russians who blew up a bridge to cut off the foe's escape, it reported.

During last night, the Soviet communique said, "our troops continued to fight the enemy along the entire front."

The Soviet Information Bureau said the 47th German Tank Corps, "reinforced with artillery and infantry," had suffered heavy losses in a pincer operation by Soviet units patterned upon the very encirclement tactics which the Nazis have emphasized since the invasion of Poland.

In one engagement alone, it said, Soviet tank crews destroyed 79 German tanks and 32 guns and killed 2,500 Germans.

(Horse and foot troops of Napoleon took Moscow on the 83rd day of their campaign launched east from bases through middle Poland and East Prussia in the summer of 1812. Today is the 83rd day of Hitler's drive to the east, which started June 22.)

While Russians pictured fierce Soviet attacks along a 400-mile front from Gomel to Velikie Luki, approaches to the defense zones of both Leningrad and Kiev were said to be carpeted with German dead.

Baltic fleet naval pilots were said to have joined Red Army fliers in the defense of Leningrad, which has been under 123 air-raid alarms. Russians said, however, that German raiders reached the city proper for the first time Tuesday.

In the far north, where snow now covers the Khibin Mountains, Soviet troops were reported to have repulsed a Finnish-German attempt to cut the Murmansk-Leningrad railway.

Guerrillas were said to be active behind the German lines in support of Soviet frontal operations.

Bride Keeps Wedding Secret for 13 Years

Pt. Marion, Sept. 12—(AP)—Women can keep a secret if they want to and Goldie Van Zandt proved it.

Surprising friends, she disclosed that she and Arch Comeroy were married 13 years ago and had set up housekeeping on Sept. 8, their wedding anniversary.

They had been "keeping company" for 17 years before the marriage.

LINDBERGH FACES NOISY AUDIENCE IN DES MOINES

Amid Boos and Cheers Flier Contends British, Jews and Roosevelt Administration are Plotting to Drive United States Into War

CROWD IS CRITICIZED

Des Moines, Ia., Sept. 12.—(AP)—Charles A. Lindbergh contends the British-Jews and the Roosevelt administration are plotting to drive the United States into the war.

His voice drowned out at times by the boos and cheers of a boisterous and heckling crowd, the flier declared at an America First Rally last night:

"The three most important groups who have been pressing this country toward war are the British, the Jewish and the Roosevelt administration."

Before Lindbergh reached the platform, the crowd heard—and cheered 11 distinct times — the broadcast of President Roosevelt's address.

Earl C. Jeffrey, America First field representative, who estimated the crowd at 8,500, said the conduct of the gathering was "the worst I have seen."

"It was a very small minority," he added. "It looked like an organized attempt to sabotage the meeting."

The "war agitators," Lindbergh said, have planned:

"First, to prepare the United States for war under the guise of American defense; second, to involve us in the war, step by step, without our realization; third, to create a series of incidents which would force us into actual conflict."

Terming England's position "desperate," he declared her geographical position "such that she cannot win the war by the use of aviation alone, regardless of how many planes we send her."

Except for American encouragement, he added, "I believe England would have negotiated a peace in Europe many months ago and be better off for doing so."

GERMAN ARMY MAN CLUBBED IN PARIS

Vichy, Unoccupied France, Sept. 12—(AP)—Informed sources reported today another attack on a German army man in Paris in the reprisals and counter-reprisals between occupying authorities and opposition forces.

The German was clubbed by an unidentified assailant as he was leaving the Ambassadeurs theater in the Champs Elysees district after a Maurice Chevalier performance. He was given first-aid treatment for skull injuries and then sent to his quarters.

The assailant who clubbed the German fled before he could be identified.

There are now 34,000 persons held in French prisons for various crimes, according to a Paris announcement made by Joseph Barthelemy, minister of justice.

SINKING OF 22 SHIPS CLAIMED

Berlin Informs World That Nazi Submarines Had Sunk Over Score of Vessels From British Convoy in North Atlantic and Are Still Attacking; Specific Location of Encounter is Unrevealed

HITLER APPEALS FOR WINTER RELIEF FUNDS

Berlin, Sept. 12—(AP)—The German High Command today countered President Roosevelt's no-trespass speech with the announcement that U-boats have sunk at least 22 ships out of a Great Britain-bound convoy, and an authorized spokesman later declared: "All Roosevelt's contentions are lies."

The U-boat attack was, perhaps, the greatest single submarine action against commerce in history and many quarters took that, itself, as an eloquent answer to President Roosevelt.

A spokesman later asserted, however, that the president's reference to freedom of the seas was "the peak of hypocrisy" and declared that he must bear responsibility "for all consequences."

There was no amplification of the High Command's terse account of the submarine attack, which has been going on for several days in an unspecified zone of the North Atlantic but the High Command and other commentators said scattered vessels still are being chased.

Late dispatches disclosed the convoy was intercepted on its way from North America to England.

The spokesman who gave Germany's first official Roosevelt reaction contended the presidential order to fire on German craft had been issued months ago.

"What happens now?" he was asked.

MOVE BEING MADE TO HALT MALNUTRITION

Harrisburg, Sept. 12—(AP)—The State Council of Defense moved on a wide scale today to combat malnutrition in Pennsylvania's youth—described as the main cause for rejection of young men in the draft.

A conference was arranged here next Friday and Saturday, by Dr. A. C. Marts, executive director of the state council, who placed the meeting under the joint sponsorship of the State Nutrition Council, the State Defense Council, and the consumer division of the U. S. Office of Price Administration.

BOX-OFFICE HITS MAIN INTEREST OF PRODUCERS

Washington, Sept. 12—(AP)—Wendell L. Willkie, defending the motion picture producers from "monopoly" charges voiced before a Senate committee, asserted today the movie makers were engaged in "the fiercest cut-throat competition of any industry in the country."

The 1940 Republican presidential nominee told reporters that instead of cooperating in a calculated program to instill war propaganda into films, the motion picture companies were "cutting each other to pieces" in their efforts to put over box-office successes.

John T. Flynn, newspaper and magazine writer who testified yesterday, urged the committee to act toward breaking up what he charged was a monopolistic combine operating a private censorship against the dissemination of peace appeals while working to involve this country in war.

But Willkie said the films against which Flynn lodged his chief complaints—"March of Time" shorts and features released through United Artists—were not even produced by the "big four" companies.

Willkie listed those companies as 20th Century-Fox, Paramount,

Great Increase in Naval Actions Reported on Heels of Declaration

By the Associated Press

Germany and Italy reported these maritime actions today on the heels of President Roosevelt's declaration that Axis raiders will be shot on sight in waters deemed vital to American defense:

Sunk by submarine: German—22 ships totalling 134,000 tons in the north Atlantic in an attack started several days ago and still continuing; two others, totalling 11,000 tons, torpedoed and reckoned as sunk in the same raid. Italian—A large oil tanker sunk in the Atlantic; a 5,450-ton merchantman torpedoed and also reckoned as sunk.

By air attack: German—Three freighters totalling 21,000 tons in the English Channel southeast of Great Yarmouth; a light cruiser damaged and another merchantman hit by air bombs.

In naval battle: German—Three British speedboats sunk by shore batteries and German patrol boats in repulsed attempts to attack German convoy in the English Channel.

Congressional Leaders Leave White House Conference

Wallace; House Minority Leader Joseph Martin (Rep., Mass.); Senate Minority Leader Charles McNary (Rep., Ore.); Rep. Clifton Woodrum (Dem., Va.), acting speaker of the House, and Senator Tom Connally (Dem., Texas), chairman of Senate Foreign Relations Committee.

MINERS SPREAD PROTEST STRIKE TO NEW FIELDS

Insurgent Group of Workers in Hard Coal Area, Traveling in Caravan of Motor Cars, Carry Appeal Into District Nine

TURBULENT MEETINGS

BY RICHARD YAHRAES

Hazleton, Sept. 12—(AP)—Their ranks increased by yesterday's drive through the Hazleton area, an insurgent group of Pennsylvania's hard coal miners carried their protest against an increase in union dues into the new territory today.

Forming at Hometown—midway between Hazleton and Mahanoy City—a caravan of motor cars this morning struck into district nine of the United Mine workers of America, CIO.

In their first stop, at the Philadelphia and Reading Coal and Iron Company's Maple Hill colliery near Mahanoy City, they quickly won the sympath of that collier's 1600 workers and it was closed down.

In previous activities, confined to district seven, the protesting miners rallied 8,000 union members to their cause and closed 13 collieries. All remained idle today. Leaders of the insurgents said they proposed later to move into district one—embracing mines of the Wilkes-Barre and Scranton areas.

Regional leaders of the UMWA have declared the walkout unauthorized.

Officers of the union local at Maple Hill this morning attempted to dissuade employes of that colliery from joining the protest, but after 30 minutes of speechmaking on both sides the workers returned to their homes.

The caravan then moved to the Knickerbocker Colliery, also located near Mahanoy City and owned by the same company as the Maple Hill Colliery.

There was no disorder.

In a turbulent mass meeting here last night, the protesting miners disregarded a plea b the district seven president to return to their jobs. The walkout began

PRICES ARE FIXED FOR ANTHRACITE

Washington, Sept. 12—(AP)—Leon Henderson, price administrator, fixed ceiling prices on hard coal today at the levels of August 15 and blocked a 15-cent-a-ton increase which producers of Pennsylvania anthracite had proposed to put into effect next Monday.

The at-the-mine prices established in the ceiling schedule are $6.60 for the principal domestic sizes, broken, egg, stove and chestnut; $5.10 for pea coal; $3.75 for buckwheat No. 1, $2.90 for rice and $2.15 for barley. The prices are F. O. B. mine per net ton of 2,000 pounds.

Henderson said he took the act-

Restrictions on Gasoline Sales to Stand in Spite of Committee Report

Acting Petroleum Coordinator Stands Pat on Previous Appraisal of Situation, Emphasizing Need for Public Cooperation

SHORTAGE OF SURPLUS

Washington, Sept. 12—(AP)—In the face of a Senate committee's report that the east has a sufficient gasoline supply for motorists, the Defense Petroleum Coordination office made no move today to lift restrictions on sale of motor fuel.

Acting Petroleum Coordinator Ralph K. Davies said he stood pat on his previous appraisal of the situation, adding that "the necessity for public cooperation continues."

"To the coordinator's office, the admittedly low condition of petroleum stocks on the east coast continues to mean shortage and the necessity for appropriate action," Davies declared after the committee released its conclusions yesterday.

Stressing that the report was merely a preliminary one, Senator Maloney (D-Conn), subcommittee chairman, had asserted that "the shortage, as we see it, is a shortage of surplus and not a shortage of products, or a lack of facilities to transport them."

The Senate group saw no danger of a lack of fuel for domestic heating or for operating defense industries, and said that "with proper conservation motorists should find it possible to acquire the gas-

OPPOSITION TO REICH IN NORWAY MOUNTS RAPIDLY

Stockholm, Sweden, Sept. 12—(AP)—Reports from Oslo today said a spirit of revolt against the German-supported Quisling government was growing rapidly in Norway and a gigantic conflict was indicated in the next few days with the trade unions leading the opposition to the Nazis.

The unions have about 300,000 members.

A great many persons were reported arrested at a number of places in Norway Thursday.

Ludvik Buland, vice president of the Labor Federation, was sentenced to death and then pardoned by Josef Terboven, Nazi Gauleiter Fohzaarway, as official accounts said "labor peace was restored and there were no disorders of any kinds."

Among persons sentenced in Oslo were Asbjoern Ruud and Olaf Ockern, famous skiers, both sent to prison for 12 years.

Didrik Arup Seip, president of Oslo's University, was removed.

Nature of the charges against these men was not stated.

In Thursday's extensive actions against trade unions all over Norway, all local funds were confiscated and membership lists were tak-

SOLDIERS HELD AS SUSPECTS IN FOILED HOLDUP

Young Unmarried Corporal Stationed in Washington and 26-Year-Old Married First Class Private Charged With Attempted Bank Robbery

BOTH ADMIT CRIME

Lewistown, Sept. 12—(AP)—Two U. S. soldiers were held by state motor police today for the attempted holdup of the Farmers' National Bank at Thompsontown.

State Police Sergeant Richard Gray said both had admitted the holdup attempt.

One man was arrested on the William Penn highway near Thompsontown in Juniata county yesterday and the other was taken into custody last night in Washington, D. C., Gray reported.

He described the man held here as a 19-year-old unmarried corporal stationed in Washington and the other man as a 26-year-old married first class private. Both are stationed in Washington, he said.

He quoted the corporal as saying he attempted the holdup because "I needed money" and because he wanted to help the other man whose wife is an expectant mother.

The officer announced that no charges had been filed against the men and that he planned to meet today with the Juniata county district attorney to determine whether county or federal charges would be filed.

Gray said he was given this version of the holdup attempt:

The corporal came here on a furlough September 2 and was joined Monday by the other man.

At the bank the younger man went to the window of Cashier George W. Graybill, poked a

NO TRESPASS DECREE OF PRESIDENT TO BE BACKED UP WITH GUNS

By the Associated Press

Germany swiftly follows President Roosevelt's shoot-on-sight order with announcement of great U-boat attack in north Atlantic; Hitler's high command reports 22 ships sunk, two others torpedoed, with U-boats still chasing survivors of 40-ship convoy.

Italian spokesman says Axis warships "exposed to deliberate aggressive action of American warships" must attack in self-defense if they cannot escape; German officialdom silent on reaction to Roosevelt address; President orders U. S. navy to sink any Axis warcraft entering American defense waters; Britons hail action as guaranteeing flow of U. S. aid to England.

Norwegian revolt against German-supported Quisling government reported rising; Stockholm hears gigantic conflict imminent; widespread new arrests reported; Germans officially assert peace restored in Oslo.

Adolf Hitler's blitzkrieg legions lost last chance to equal 83-day record of Napoleon's horse and foot troops for a Warsaw-to-Moscow invasion as 83rd day of the Russian campaign finds Germans and Red army troops bloodily engaged in the Smolensk sector. Russians assert invaders are driven back at a rate of seven to 10 miles a day. Germans belittle "relief offensive" and forecast announcements of new Nazi victories.

EXECUTIVE SAYS NATION READY TO MEET UNRESTRICTED WARFARE

Washington, Sept. 12.—(AP)—In blunt, uncompromising language President Roosevelt barred vast reaches of the seas today to "rattlesnake" raiders wearing the flag of the Rome-Berlin Axis, and backed up the no trespass order with the guns of the United States navy.

Foes of the administration's policies immediately chorused that this constituted "an unauthorized declaration of war," "an engraved invitation to trouble."

But there was no disagreement as to what the president meant. His instructions to the fleet, effective at once, were specific—strike first without waiting whenever Axis raiders are encountered hereafter in the "defensive waters" of the United States. He said ships of any flag would be protected from raiders in those seas.

That, in brief, was the burden of the address which the chief executive delivered by radio last night to the nation, to the Axis powers and to the other countries of the world.

It represented the president's considered reply to the recent series of sea incidents—a previously undisclosed attempt to torpedo an American battleship, the clash between the U. S. S. Greer and a u-boat in the north Atlantic, and the sinking of three American-owned merchantmen.

"The sole responsibility rests on Germany," said Mr. Roosevelt of the future.

"There will be no shooting unless Germany continues to seek it. x x x

"But let this warning be clear. From now on, if German or Italian vessels of war enter the waters, the protection of which is necessary for American defense, they do so at their own peril."

While critics were aroused by the pronouncements—Senator Van Nuys (D-Ind) called them "alarming . . . terrorizing"—the address drew a round of bipartisan approval, highlighted by the endorsement of Wendell L. Willkie and the statement of Senator Thomas (D-Utah) that "driving pirates off or out of the seas is not war."

There was an echo of a bygone shooting war when Mr. Roosevelt flatly accused Germany of waging "ruthless . . . unrestricted submarine warfare." It was the resumption of unrestricted submarine warfare early in 1917 that brought the severance of diplomatic relations with Germany which preceded the United States entry into the World War.

As for the "unrestricted submarine warfare of 1941," President Roosevelt said the United States was ready to deal with it in defensive waters "no matter what it takes. No matter what it costs."

"DEFENSIVE WATERS" ARE NOT DEFINED

Washington, Sept. 12.—(AP)—Secretary of State Hull indicated today that Germany's actions will determine what areas the United States will consider "defensive waters" in which American warships will shoot first in their patrols to defend shipping against Axis attacks. Asked to define the waters concerned, Hull told reporters it must be remembered that the United States confronted a world movement of force for the purpose of conquest of continents and seas.

Although the White House had promised that the speech would leave no questions unanswered, it contained only the vaguest indication of what parts of the sea were held to constitute "defensive waters." Moreover, it made no mention of any decision to seek repeal of the neutrality act, and it was completely silent on the subject of the third Axis power, Japan—a silence some thought was significant.

In speaking of "defensive waters" Mr. Roosevelt made only one point clear—that the seas immediately surrounding all American outposts were so considered. The absence of a more explicit definition set legislators studying pre-

Criptic Comments Made in Europe Regarding Talk on Foreign Policy

By the Associated Press

President Roosevelt's shoot-on-sight warning to Axis sea raiders and submarines drew from a Rome spokesman today the declaration that every Italian or German warship must attack American navy vessels "for its self defense if it lacks the possibility of escaping attack."

The Germans, rigidly avoiding direct official comment, contented themselves with a special communique announcing the sinking of 22 British ships in one of the greatest submarine attacks of the war on a North Atlantic convoy—an attack they said still was going on.

The Italian "attack for defense" threat came from Virginio Gayda, chief Fascist editorial spokesman.

The German radio commented briefly for consumption abroad:

"Roosevelt's provocations, with which he tried to slap Germany in the face, naturally leave Germany cool and calm . . . His entire speech was an attempt to burden Germany now and for the future with all guilt."

The third Axis partner, Japan, was officially noncommital.

The Japan Times and Advertiser, English-language organ of the Japanese foreign office, took issue, however, with Mr. Roosevelt's denunciation of Axis "pirates," declaring:

"Whatever else it may be called, the sinking of ships by submarines is certainly not piracy . . . no pirate ever went into business simply to sink shipping. Loot was his quest. The Germans have not made any profit out of submarine warfare. It has been an expensive business in lives and investments."

An authorized source in Vichy called President Roosevelt's speech "a new lap in the United States president's policy" which he said was "destined to prepare American public opinion for the need to run new risks."

In London, Lord Halifax, the British ambassador to Washington, said every Briton had been "greatly heartened" by Mr. Roosevelt's no-trespass warning to the Axis. He called it "the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

This evening's program features Indian entertainment by Chief Big Kettle, while the horse show will be the outstanding event Saturday, final day of the fair.

WILL RE-OPEN SCHOOL MONDAY IN PINE GROVE

With Warren county's only infantile paralysis victim showing rapid improvement and no indications of additional cases being seen, school directors of Pine Grove township today decided to re-open the Russell schools next Monday morning, it was announced today.

The single victim of poliomyelitis in the county is Miss Lois Pangborn, daughter of Mr. and Mrs. Claude Pangborn, of Russell, who was stricken while employed as a domestic with a Warren family.

The schools at Russell were closed last Monday because younger children in the Pangborn family attended classes there.

Miss Pangborn's physician said yesterday that she is getting along very nicely following a mild attack of the dread disease.

MARRIAGE LICENSE

Axel William Mortenson and Edith Linnea Swanson, Ludlow, applied for a marriage license at the register and recorder's office yesterday.

SCHOOL ASSEMBLY

Warren High School's first major assembly of the year was held this morning, with Patty McComas leading the devotions. A one-act play entitled, "The Tantalizing Hour," furnished the main entertainment. The characters were Charlotte McComas and George Phillips. The assembly was then taken over and concluded by the cheerleaders.

BUSINESS RECEDES

Business in the Pittsburgh district dropped more than seasonally last week, after reaching record high levels in late August, the University of Pittsburgh reported today. Decreases in shipments and trade were noted although declines in operations of most major industries were moderate over Labor Day. The business index fell to 151.0 of the 1923-25 average from the all-time high of 154.2 set in the final week of August.

STOPS NIGHT SALES

Herbert Blickle, Erie service station owner who for a month ignored the government's request for a curfew on gasoline in 17 eastern states, has now stopped his night sales. Blickle declined to discuss his about-face. Previously he said his object in remaining open was "to take care of my customers who want gasoline at night." Three weeks ago the station was picketed by unidentified men and several persons were slightly injured in scuffles among crowds at the scene.

FORMER COACH DIES

A. W. (Pop) Dickerson, 50, retired basketball coach at Sharon High School, died last night of pneumonia after a brief illness. Dickerson was rated among the state's outstanding coaches after four of his basketball teams reached the finals of state championship tournaments and his 1930 combination won the Pennsylvania crown. Under his tutelage, Sharon High School won more than 20 different titles from 1919 to 1936 when he retired because of poor health. He is survived by a daughter.

SOCIAL SECURITY

A representative of the Erie field office of the Social Security Board will be available to residents of Warren county who live in the vicinity of Warren in the State Employment Office, 225 Pennsylvania avenue, west, on Monday, September 15, from 10 a. m. to 1 p. m., it was announced today by Bernard A. Farabaugh manager of the Erie office. This local part-time service is scheduled for every Monday. It is anticipated that claims and inquiries will result from the policy of bringing the facilities of the Social Security Board nearer to the people, Mr. Farabaugh said.

WARREN MAN IS NAMED CASHIER AT CLARENDON

At the regular meeting of the board of directors of the Clarendon State Bank, held Tuesday, P. Howard Potts, of Warren, was elected cashier of the institution, succeeding the late Ellis S. Kennedy, who died early in July.

Since Mr. Kennedy's death, the position of cashier at the Clarendon bank has been filled by C. D. Blair, who was elected assistant cashier at Tuesday's meeting.

Mr. Potts, who is well known in Warren, has been associated with the banking business here since his graduation from Warren High School in 1922.

Immediately following his completion of school he went to the Warren National Bank as a clerk. In May, 1923, he went to the Warren Savings Bank and Trust Company as a clerk. He was subsequently advanced to teller and note teller in the former organization, holding the latter position until the organization of the present Warren Bank and Trust Company in 1934.

Since 1934, Mr. Potts has been in the trust department of the Warren Bank and Trust Company.

Mr. Potts has a wide circle of friends who are pleased to learn of his new position.

DEFENSE BONDS TO BE BOUGHT BY MOTOR CLUB

Among the actions taken at the September meeting of the board of governors of the Warren County Motor Club held Thursday following lunch at the private dining room of the Blue and White restaurant, was a decision to purchase two $100 defense bonds.

A report was received that the delineators recommended by the club have been installed at the west end of Warren on U. S. Route 6, and a sign has been erected at Sheffield which will be of help to motorists driving through.

Eighty-five members were reported secured during August.

The following were in attendance: H. M. Mohr, O. M. Baird, P. D. Belknap, Charles Eaton, Ed C. Lowrey, Dr. E. Quay McCune, Wm. M. Hill, Clifford Johnson and H. B. Bowersox, of Warren; M. E. Marriner and Elton Barton, Youngsville; Harry Baldensperger, Sheffield; D. C. Schuler, North Warren; F. A. Schoonover, Sugar Grove; George Seavy, Clarendon; I. G. Darling, Russell.

Tennessee Walking Horses To Be Shown Tomorrow At Fair

A feature of the horse show which will climax the Sugar Grove community fair at one o'clock tomorrow afternoon, will be the exhibition for the first time in this section of the country of the Tennessee "walking horses".

Walking horses were first developed as a distinct breed of saddle horses in the southern states and were then known as "Plantation Horses", because of their use by the owners of large plantations in traveling over their estates. Only recently have these horses become prominent in the northern states as pleasure horses, and the committee in charge of the Sugar Grove horse show feels especially proud of being able to secure several of this type of horse for its show this year, because there are still very few of them in this vicinity, although their popularity is growing very rapidly.

The show this year features 19 classes on its program, which starts at 1 p. m. (DST), thus assuring everybody attracted to fine horses and horsemanship adequate opportunity to see in competition the particular type of horses in which he is interested.

Malaria is said to cause 2,000,000 deaths throughout the world every year.

MACKENZIE REVIEWS THE ADDRESS

(By DeWitt MacKenzie, Associated Press Foreign Writer)

President Roosevelt's order to the fleet to shoot on sight whenever Axis raiders invade America's "defensive waters" brings one to the obvious conclusion that a shooting war might develop.

The chief executive's statement on this policy, however, makes it clear that we do not seek war and that "there will be no shooting unless Germany continues to seek it."

That puts the future squarely up to Herr Hitler. Berlin thus far has been silent regarding the address.

What we do know is that up to this juncture the Nazi leader has studiously avoided war with the United States. If he now forces the issue it will represent a complete change in policy and one which it would seem hard to justify from the standpoint of German strategical needs, since the last thing he can desire is to have the American navy cut loose against him.

Still, it's possible that if the fuehrer believes he can liquidate the Russian danger in the near future, he may contemplate another quick all-out assault on Britain. In that case he might attempt to cut England off from American aid by attacks on our shipping.

There is small doubt that there will be further "incidents" which will involve shooting. However, while it is certain that each one of these is fraught with the danger of war, it strikes me that if they were only occasional they might continue long before precipitating general hostilities.

Mr. Roosevelt's statement is a very sweeping declaration of freedom of the seas. The definition of our field of operations as "in the waters which we deem necessary for our defense" would seem to be very flexible. That field may be altered according to the circumstances of the moment.

It is clear in any event that we intend to send our merchant ships wherever we deem necessary in order to bear aid to those who are waging war against the Axis. Those waters certainly include the Atlantic pathway to Iceland and the route through the Red Sea to Egypt, both of which have been declared danger zones by Axis powers.

This doesn't mean, of course, that the United States proposes to invade belligerent waters where hostilities are in progress—the English Channel, for example. Thus Herr Hitler has a very considerable leeway to avoid trouble if he wants to.

The president's omission of any reference to Japan was taken by some observers to have special significance, as indicating a desire not to say anything which might influence the very delicate conversations now proceeding between Washington and Tokyo in an effort to reach an accord over the Far Eastern situation.

Equally notable was the statement in Tokyo by Koh Ishii, Japanese cabinet information bureau spokesman, who said Japan adhered to the general principles of freedom of the seas. That is particularly striking in view of the fact that Nippon has been up in arms over our shipment of war supplies to the Russian port of Vladivostok.

All this would seem to speak well for the progress of the negotiations, or at least indicates a real desire to reach an understanding.

BAN ON NOISE

The Valley Daily News at Tarentum thinks it would be well if other borough councils and commissioner boards in the Allegheny Valley would follow the example of the Springdale solons and do something to lessen, at least, the volume of unnecessary noise which people must endure every day.

The Springdale dads are planning an ordinance which is designed to put an end to all needless tumult. It is aimed especially at wedding parties which sweep along the streets with automobile horns blasting at full power. The officials think such demonstrations are needless and an annoyance to the general public. And most citizens will agree with them. Automobile horns are intended to be used only when occasion demands, never for the purpose of celebrating or to be sounded as a means of avoiding the necessity of walking up to a door and ringing a bell, or as a greeting to pedestrians.

• EDSON'S WASHINGTON COLUMN

BY PETER EDSON
Times-Mirror Washington Correspondent

Washington, Sept. 12—Hereafter, will you please refrain from speaking of the 312 emergency cargo vessels which the Maritime Commission is building as "Ugly Ducklings." Call them "Liberty Ships," instead, and thank you.

This Ugly Duckling appellation seems to have been the conception of a mere newspaperman who thought it up just like that when the President first made announcement of the emergency shipbuilding program. While the name fits these freighters perfectly—if you remember your fable of how the ugly duckling turned into a beautiful swan and flew off to Hollywood to become a star in moving pictures—still the name offends some of the effete and aesthetic old sea-dogs in Washington and so they must become Liberty Ships, each one named after a great American who made a considerable contribution to the country's liberty—Patrick Henry, John C. Fremont and the like.

Whatever you call these babies, the first three of them will be sliding down the ways in a mass launching on Sept. 27, which the new publicity-conscious Maritime Commission, with a high-powered New York advertising man in charge of its public relations, is going to call "Liberty Fleet Day."

In addition to the three Ug—pardon—Liberty Ships, nine other merchant ships will be simultaneously launched at yards on the Atlantic, Pacific and Gulf coasts, in what promises to be quite a day. The President or other competent literate will probably say a few words into the mikes, and there will be champagne bottles shattered all the way from Quincy, Mass., around the coast line to Portland, Ore., by way of Pascagoula, Miss. The bands will play, the crowds will shout and radio spielers turn inside out in approved form.

September Saturday morn sarcasm aside, this shipbuilding program is something to give you a tremendous lift. Already it has knocked all World War shipbuilding records galley west. At Hog Island, last war, the best record was six months and five days from

See layout on Page 8 showing how Uncle Sam's shipbuilders set record being celebrated this month.

keel laying to launching. In the case of the first three Liberty Ships, the times from keel laying to launching run from four months and three days to four months and twenty-seven days. And when production of these ships really gets going, two ships will go sliding down the ways every single working day, which means launching new bottoms almost as fast as Hitler's submarines can sink them.

To achieve this magnificent production schedule has required the marshaling of America's best technical brains and resources, and exactly this has been done under Admiral Emory S. Land, chairman of the Maritime Commission, and J. E. Schmeltzer, director of the commission's division of construction.

In 1937, shortly after the commission was organized, a program of one new ship every two weeks was inaugurated to re-establish supremacy of the American Merchant Marine. Stepping that up to two new ships every day, the goal of 1942 and 1943, gives you an idea of the pace that has been set.

In 1936, there were 10 shipyards in some degree of activity, with only 46 ways big enough to take 400-foot ships. Today there are 19 yards and 145 ways authorized for the Maritime Commission pro-

Duchess Charlotte Gets Passage on U. S. Cruiser

ONE of the lesser known refugee monarchs is Grand Duchess Charlotte of Luxembourg, who found a haven in the United States.

Luxembourg, a country of only 999 square miles bordered by Germany, Belgium and France, was overrun by the Nazis, May 10, 1940. The grand duchess, her consort and six children fled to Paris, May 13, 1940, and arrived in the United States, July 25, 1940, aboard the U. S. cruiser, Trenton.

Grand Duchess Charlotte was honored philatelically by her government in the 1939 stamp above.

She was born in the famed old castle of Berg, Jan. 23, 1896, the second daughter of Grand-Duke Wilhelm and Marie-Anne de Luxembourg. When her father died in 1912, Marie Adelaide, the oldest sister, was placed on the throne. The Imperial German armies occupied the little duchy in 1914.

After the war, the Allies felt the young duchess had not shown enough energy in resisting the Germans. A referendum was called proposing a commercial union with France, and the citizens voted overwhelmingly for it. Marie Adelaide abdicated and Charlotte, then 23, became Grand Duchess.

Paving projects in the borough are rapidly being completed and it is expected that no more will be undertaken this year. It is probable that Crescent Park leading to Oakland cemetery and also Oneida avenue, South Side, will be paved next year.

The City League world's series will get under way tomorrow afternoon when the Struthers-Wells and Elks, winners of the two halves, will engage in the first game on the South Side grounds. Eddie Masterson has been selected to be the chief umpire.

The lighting of the electroliers on the new parkway at the north approach of the old suspension bridge last evening attracted many admiring remarks, for it gave citizens the first opportunity to note the wonderful improvement to what was formerly a most unsightly point.

The board of school directors held an executive session last evening to consider the escapades of several high school pupils, with a view to preventing a repetition of their undignified conduct.

The arrival of Gandy, the oyster man, is another harbinger of autumn.

QUIVERING ASPEN

Thousands of people still believe in that superstition originating in ancient Egypt, that the aspen leaf quivers because of horror, since Christ was supposed to have been crucified upon a cross made of aspen wood.

Mothballs are a product of coal tar.

FREEDOM DOCUMENTS

Sacred to this nation are the many documents containing assurances of freedom that have been set down for posterity to profit by. Give the source of each of the following quotations from a famous document of freedom.

1. "We hold these truths to be self-evident, that all men are created equal."
2. "We, the people of the United States, in order to form a more perfect Union . . ."
3. ". . . all the men in all the lands may live out their lives in freedom from fear and want . . ."
4. ". . . this nation, under God, shall have a new birth of freedom . . ."
5. "In the wars of the European Powers in matters relating to themselves, we have never taken any part, nor does it comport with our policy to do so."

gram, and ships are actually being built on over half the ways.

Today's over-all program calls for the construction of 1400 non-naval ships by the end of 1943, and the total cost of new yards, ways and ships will be in neighborhood of $8 billion.

Of the 1400 merchant or cargo vessels in the Maritime Commission program, only 312 have so far been designated as the Liberty Ship type, 20 to go in service by the end of the year. But still on the books is a recent authorization for 500 ships, of types not yet designated. Surveys are now being made to see what the shipping demands will be, and what the steel and ship fittings capacity of the country will be. Decision will be made later on how many of these 500 will be Libertys, how many will be tankers, and how many will be the standard types of fast cargo vessels, C-1, C-2, or C-3, which the commission is building for merchant marine expansion.

When they're all built, the hope is that the country won't be dumb enough to scrap 'em, junk 'em and make 'em into flivvers.

SCHOOL PATROL AT SHEFFIELD HOLDS MEETING

Sheffield, Sept. 11—Annual reorganization of the Lincoln School Patrol, student traffic organization organized 17 years ago by Wayne Chamberlain, principal of the school, and directed by him ever since, occurred this week.

John Cochran is captain of the patrol, the other officers including Alfred Gibson, special lieutenant; Elliott Potter, bugling lieutenant; Arthur Barner, 1st lieutenant; Robert Benson, 2nd lieutenant; Robert Slack, R. R. lieutenant; Billy Lindsey, 6th station lieutenant, and Phillip Mauk, 7th station lieutenant.

The personnel of the patrol's two squads is as follows: First squad—Arthur Barner, lieutenant; Ralph Stenger, Teddy Young, Hugh Rockwell, Charles Christenson, Robert Work, Harold Rockwell, Charles Dorotics, Richard Johnson, Norman Jefferson, Ralph Suppa, Richard Carrow, Samuel Vargason, Elmer Slack. Second squad—Robert Benson, lieutenant; LeRoy Knight, Joseph Pochatko, Billy Green, Donald Schmidlen, Allen Gibson, Robert Evan, Billy Fahey, Clyde Slack, Ralph Anrillo, Harold Green, Robert Campasino, James Snyder, Edward Mueller, Robert Carrow.

Seven different highway crossings, railroad crossings and other traffic hazard points in the vicinity of the school are manned by the patrol. The organization ever since its inception has been one of the most efficient of its kind anywhere, as is attested by the fact that never in the sixteen-year history of the patrol has any student been killed or injured at any of the stations guarded by the patrol youths.

TO INSTALL OFFICERS

Officers of the local American Legion Auxiliary will be installed at the October meeting, it was announced at a meeting of the Auxiliary Monday evening. Mrs. Robert Russell, of Custer City, who at the recent state convention in Altoona was elected western vice president, will be the installing officer.

A report on the Altoona convention was submitted at Monday's meeting by Mrs. George Christian, who substituted for Mrs. Editi. Cromwell, local president, and delegate to the affair. Mrs. Cromwell was in charge of the meeting.

Lunch was served by a committee whose members were: Mrs. Agnes Whyte, Theresa Johnson, Evelyn Peterson, Agnes Lundquist and Belinda Hinkley.

ENTERTAINS CLUB

Mrs. Gordon Adams, of Tiffin, O., entertained the members of the Friendship Club and invited guests with a chicken dinner, served at the Home Cottage Inn, Monday evening. After partaking of the dinner the guests were invited to the home of Mrs. R. C. Cederlof, where they spent the remainder of the evening visiting. Refreshments were served by the hostess.

Besides the aforementioned, the following other guests were present: Mrs. Christ Yutze, Mrs. Melvin Sauter, Mrs. Lawrence Newburg, Mrs. Joe Benson, Miss Edith Cederlof, Mrs. Eranus Cederlof, Mrs. Tracy Blackwell, Mrs. William Dalton, all local residents; Mrs. Harry Anderson, of Bradford; Mrs. Emma Johnson, of Jamestown.

PERSONALS

Mr. and Mrs. William Rawson have arrived home from a two weeks vacation trip to Pittsburgh, Annapolis and Cleveland.

Mr. and Mrs. L. E. Jones have received word from Fort Monroe, Va., that their son, Bruce B. Jones, recently was promoted to First Lieut. Lieut. Jones, who was a member of a Buffalo National Guard Company and who received his commission as a Second Lieut., last January prior to the company's departure to Camp Ed-

Increasing Interest Displayed by Response To Announcement of Warren Players Canvass

That there is an ever-increasing interest in the activities of the Warren Players Club and the work that it does has been evidenced during the first two days of the annual campaign for memberships and season tickets, which runs through next Wednesday, September 17.

An enthusiastic opening meeting on Wednesday evening was in charge of William E. Rice, general chairman of the campaign, who instructed team captains and their workers.

It was pointed out, and is emphasized in an advertisement elsewhere in this issue, that it will be distinctly advantageous this season for the public to join the Players membership, either in active or associate capacity, since such membership will carry the privilege of attending three public plays, plus the monthly studio presentations and the night of "original play" production, as well.

In the event that persons have not been contacted by one of the many campaign workers, it was pointed out by Mr. Rice this morning, a call to 776 will bring a Players representative to discuss membership or season tickets.

The club's dramatic season will be officially opened on October 23-24, when "Kind Lady" will be offered under the capable direction of Mrs. Edwin Borden.

Although memberships may be obtained at any time throughout the season, it is stated that season tickets will not be available after the closing of the active canvass next Wednesday, September 17.

Ludlow Couple Wed In Kane Parsonage

Ludlow, Sept. 12—Emil Swanson announces the marriage of his daughter, Edith, to Axel Mortenson, son of Nels Mortenson, also of this place. The wedding took place this morning at ten o'clock at the Kane Mission parsonage, Rev. W. W. Nyline performing the ceremony.

The bridesmaid was Helen Swanson, of Ludlow, and Wallace Hanson, nephew of the bride, was best man. Mrs. William Hanson, sister of the bride, was present also.

The bride was attired in brown and white, with brown accessories and a corsage of yellow rosebuds and baby's breath. Miss Swanson wore dusty rose, matching accessories and a corsage of yellow Talisman roses, while Mrs. Hanson was attired in brown, matching accessories and a similar corsage.

After the ceremony, a wedding breakfast was served at Kane Manor. Upon their return from a short wedding trip, Mr. and Mrs. Mortenson will make their home with the bride's father.

Church to Observe Birth Anniversary At Sunday Session

Next Sunday is the birthday of Robert Raikes, who is widely recognized as the "father of the Sunday school movement", and the occasion is to be especially marked by the Calvary Baptist church.

In conjunction with the regular Sunday school period at 9:45 o'clock, a special, brief program will be allotted to commemoration of the anniversary.

A sincere invitaton is extended to all who do not regularly attend this service, since the Sunday schools deserve the active support of every man and woman as well as boys and girls.

Dahlia Fanciers to Plan for Show Here

A meeting is to be held at the Y. M. C. A. building next Monday evening at eight o'clock to complete plans for an event that is somewhat of an innovation in Warren, but one that will be of considerable interest to a good many flower fanciers.

Meeting at the above time will be a group of dahlia growers who have conceived the plan of holding a dahlia display, the date to be announced following the session.

All amateur dahlia growers are urged to be present so that the display may be truly representative of the efforts of all concerned in such a project.

With Our Boys In Indiantown Gap

Indiantown Gap, Pa., Sept. 12—(AP)—Advance detachments of Pennsylvania's 28th Division rolled into their home camp today after a ten-hour night drive from the site of maneuvers in Virginia.

First arrivals, in a long column of nearly 200 trucks, included the advance detachments of every unit in the division of 12,000 men, and most of the 103rd Observation Squadron.

Moving northward from the A. P. Hill Military Reservation in Virginia after intensive maneuvers, the entire division is scheduled to be back in their home camp by nightfall.

Praised by their commander, Major General Edward A. Martin, who said they were going home a much better fighting division, the troops started moving out of the

General Martin complimented Lieut. Col. John Van Vliet for his work as commander of the red forces which defended the Virginia camp against the blue forces commander by Martin himself, in the final maneuver yesterday.

Col. Ben Jones, division chief of staff, said tents would be left in place at the reservation for the incoming 29th Division and that one officer and 20 men would be left in each of the five camp areas for inspection duty. These officers and men will leave sometime this morning after the inspection.

Two of the homeward-bound convoys travel through York, Pa., to Lebanon, then on state Route 72 to Indiantown Gap. Another convoy moves from Fredericksburg, Va., to Chambersburg and Carlisle, Pa., and along U. S. 22 to the reservation. The third route is from Fredericksburg to Gettysburg, to Harrisburg, then U. S. 22 to the reservation while the fourth route takes the men from Fredericksburg to Pennsylvania Route 75 into Carlisle and along U. S. 22 to camp.

LANDER PASTOR IS NOW MEMBER OF CONFERENCE

At yesterday afternoon's session of the Erie Conference of the Methodist church, being held on the campus of Allegheny College in Meadville, the Rev. Donald D. Samuelson, pastor of the Lander Methodist church, was elected to full membership in the conference, together with four other young men.

The others are Arthur M. Crawford, of West Springfield; Elroy M. Sayers, of Fall Creek; Philip Schlick, Forrestville, N. Y., and Owen W. Shields, Wykesville.

They are to be ordained on Sunday.

Dr. A. C. Locke, of New Bethlehem, former Erie and Franklin pastor, spoke at the conference session last night.

SCHWEITZER IS NAMED HEAD OF PURPLE HEARTS

..At the annual meeting of the Bucktail Chapter, No. 93, Military Order of the Purple Heart, held here last evening, George H. Schweitzer, of Warren, was elected commander for the ensuing year.

Other officers are as follows: Senior vice commander, Leo J. Schuler, Warren; junior vice commander, Elmer Anderson, Kane; finance officer, Floyd W. Ahlquist, Warren; adjutant, L. M. Cook, Kane; surgeon, Dr. H. J. McGhee, Kane; chaplain, Ernest Huber, Warren; historian, Carl Gustafson, Kane; judge advocate, Charles H. Hawks, Kane; sergeant-at-arms, Earl R. Small, Warren; trustee, one year, Charles H. Hawks, Kane.

Business of importance was transacted, one new member was accepted and plans were made to locate the permanent meeting place in Warren county. There was a large attendance and plans were made for a tureen supper for members and their families at the next meeting, when a class of new members will be mustered in.

DON WHITE UNIFORMS

Six student nurses at the Warren General Hospital have completed their training and today donned for the first time the white uniform of graduate nurses. Formal exercises for their graduation will be held September 24, details to be announced later. Girls who have completed their work are Jean Bush, Frances Vivian Anderson, Dorothy Patchen, Dolores Thompson, Margaret Armanini, Minnie Anderson. All will be employed at the local institution except Frances Vivian Anderson, whose home is near Kane and who will be employed in that city.

Boy Scouts Aid in Defense Program of Business Men Here

Boy Scouts yesterday completed their fourth project in assistance of national defense when they distributhed defense sales materials and large defense posters for the Chamber of Commerce in connection with the coming merchants sale of defense stamps and bonds. Two of the remaining three projects involved distribution of posters for defense bonds throughout Warren county and the other was the collection of aluminum in July.

The work yesterday was conducted by Scouts of Troop No. 9, of which Ray Lewis is Scoutmaster, and Troop No. 4, of which Jasper Shepard serves as Scoutmaster.

The Scouts are busy these days with projects of this sort which they are undertaking at the request of the government.

Zachary Taylor was the only President who had no cabinet changes during his term of office.

OBITUARY

JULIUS J. BECK

Corry Journal: Services were held Wednesday afternoon at 1:30 o'clock at the Bracken-Keating chapel in memory of Julius J. Beck, of Spring Creek, who passed away suddenly Monday afternoon. Rev. John Waite, of Spring Creek, officiated at the services.

Friends and neighbors assisting as bearers were Leslie Donaldson, Edgar Crane, Lawrence Morton, William Henry and Arch Porter, of Spring Creek, and John Zeeb, of Erie. Interment was made in the Spring Creek cemetery.

Among those from out of town for the services were Mr. and Mrs. Michael Fredel and William Fredel, of Buffalo; Harold and Frederick Fredel and Miss Edna Fredel, of New York City; John Zeeb, of Erie; Mr. and Mrs. Lon Matteson, Mrs. C. C. Brundage, Mrs. Chandler Mason, Mrs. Arthur Brundage, Mrs. Wilson Sickler and Rev. and Mrs. Waite, of Spring Creek.

HENRY W. HIGHHOUSE

Henry W. Highhouse, highly respected resident of Pleasant township for the past 70 years, died at the family home at 10:45 o'clock Thursday morning.

He was born in Grinland, near Honesdale, in Wayne county, on March 15, 1861. He was affiliated with the E. Highhouse and Sons brickard for over 50 years, retiring about ten years ago.

In 1888 he was united in marriage with Lydia Honhart, who survives him, together with one sister and one brother, Mrs. Bertha Briggs, of Warren, and John Highhouse, of Erie. Three sisters and three brothers have preceded him in death.

Funeral services in his memory will be held at the family home at three o'clock Sunday afternoon, conducted by his pastor, Rev. Edward K. Rogers, of the First Lutheran church. Interment will be made in Oakland cemetery.

MRS. GEORGE WOLF

Relatives here received word this morning that Mrs. George Wolf, of Buffalo, N. Y., died in the Deaconess Hospital in that city, following an emergency operation performed last Saturday morning. Before her marriage Mrs. Wolf was Miss Florence Haag, a graduate nurse of the Warren General Hospital. She leaves her husband and two daughters and several brothers, as well as more distant relatives in this vicinity.

Funeral services will be held at the Richmond Avenue Church of Christ in Buffalo Sunday afternoon at 1:30 o'clock, daylight saving time, after which the remains will be brought to Warren for interment in Oakland cemetery at 5:30 o'clock the same afternoon.

UNITED STATES APPEALS AWARD IN COUNTY CASE

The federal government yesterday filed an appeal against the award of a board of viewers for damages for 12.47 miles of railway right of way of the Sheffield and Tionesta Railway Company, condemned by the government for the Tionesta creek flood control project, according to an Associated Press dispatch from Pittsburgh.

The government's action followed by two days a similar appeal by the railroad which claimed the viewers' award was "grossly inadequate" and asked $200,000 damages.

The government claimed the award for the 12.47 miles on the railroad's 35-mile line between Nebraska, Forest county, and Sheffield was excessive and that it contained damages for "things for which the United States is not liable."

Judge Nelson McVicar granted requests of both sides for a jury trial, making the railroad the plaintiff and the United States the defendant, to determine the amount of damages to be paid. The railroad was given 20 days in which to file a statement of claims and the government's answer must be filed 20 days later.

Uruguay ranks next to Russia in government control of business.

Marie Belton Given Testimonial Party By VFW Auxiliary

The Ladies' Auxiliary of Dinsmoor-Schwing Post, Veterans of Foreign Wars, held a testimonial dinner last evening at the Y. W. C. A. activities building to compliment Mrs. Marie Belton, past president of the local unit and the Northwestern Counties Council Auxiliary, who has been named to the office of department color bearer.

Mrs. Belton has been most active in the work of the organization, serving in most of its offices, including the presidency, and at present taking charge of the work of counselor to the junior auxiliary.

Fall flowers and candles were used in artistic decoration of the dinner table, all carrying out a pretty red, white and blue color scheme.

Mrs. Belton was presented a gift by the auxiliary president, Mrs. Thelma Ploss. There were about 40 in attendance.

After the dinner, the auxiliary held its regular business session in the post rooms, making plans for the corn roast to be held tomorrow evening at six o'clock at the Elmer Ploss Farm at Smith Corners for the ladies and their husbands.

It was stated at this time that some of the members have planned to attend the meeting of district council at Rochester, Pa., on Sunday afternoon.

SHIRTWAISTER HAS TRIM LINES
Pattern 4650
By ANNE ADAMS

Recipe for slender lines—in one easy lesson! Anne Adams design. Pattern 4650 definitely for you who have "figure trouble!" First of all, that buttoned-down-the-front line is always good on a heavier figure, and the slenderizing effect is increased by the narrower panels in the skirt. Next, the bodice gives you needed fullness over the bosom, controlled by darts at the shoulder yokes, which are cut in-one with the back. The collar may be cut down to baby sleevers—and the sleeves cut short instead of the tucked three-quarter length shown here. It's a shirtwaister that's easy to wear, easy to look at, and easy to make—with the Sewing Instructor to help. Why not make several in different fabrics—wool, tie-silk, or chambray?

Pattern 4650 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 2 7-8 yards 54 inch fabric.

Pattern 4887 is available in sizes small (32-34), medium (36-38), and large (40-42). Small size takes 3¼ yards 35 inch fabric.

Opening—♣ Q. 12

BY WILLIAM E. McKENNEY
America's Card Authority

In winning the national mixed team-of-four championship, Sidney Silodor, of Oakmont, Pa., established a remarkable record. Last December in Philadelphia, at the fall session of the National tournament, he and Mrs. R. C. Young won the National mixed pair title.

Following his victory in the mixed team-of-four at Asbury Park, Silodor turned in a good score in the National men's pair championship, when he and his partner, Joseph Davis, of Philadelphia, finished second. He has finished first or second in 12 tournaments within the past year.

Silodor is a slow, careful and accurate player, with an uncanny ability to count down a hand. In today's hand he won the opening lead in dummy with the ace of clubs. West discarding the three of diamonds. A low heart was led and won by the queen.

Then Silodor led his jack of hearts and West won. A spade came back, and the ace won. Now Silodor laid down the ace of diamonds, dropping the blank king. After that it was easy to develop two more diamond tricks and win nine top card tricks.

When asked how he guessed the diamond situation, Silodor said, "West has the ace of hearts and a club void, yet he wouldn't overcall the one-club bid. I don't think he has two five-card suits. He probably has 5-4-4-0 and his first discard is from his fivecard suit because he doesn't know yet which suit he can afford to abandon. That leaves East with a blank king or queen of diamonds to explain West's pass."

A WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON—Answering the mail orders:

G. A. K., Lockport, N. Y.—Referring to the phrase "undue hardship" as a cause for letting men out of the army is about as indefinite as anything can be. It was not specifically defined in the law extending the selective service training period.

The war department's policy is very broad in this matter. Decision in all cases of alleged "undue hardship" is left up to the commanding officers. I can give you an illustration. If since a man's induction, his father has died (leaving his mother without support); or his wife has died or divorced him, leaving a child to be cared for—these would be pretty clear-cut cases of "undue hardship."

There could conceivably be hundreds of similar cases. That, according to the war department is why there has been no effort to define them. If a man thinks that he falls into this category he should make application (in writing) to his commanding officer—setting forth reasons he thinks his case is one of "undue hardship." This application will go to field headquarters, or corps area headquarters, depending on the status of his unit and there be acted upon.

P. B., Williams, Ariz.—There has been nothing from official sources to indicate that our ships and airplanes in the Atlantic are armed for a shooting war. But it would be pretty blind to figure that they are not prepared for any such contingency. When the Panay was bombed in China it returned fire. Testimony before Congress has indicated that our ships and planes, under the present emergency, are no less prepared.

* * *

K. L. T., Golden, Colo.—The Near East situation is far too complicated to try to explain in a paragraph, but war observers here are saying for certain that it probably will be the theater of war this winter. (Remember though that they have been wrong before. The collapse of Russia, according to their "authentic" estimates, is already two or three weeks overdue.)

T. M., Leonia, N. J.—The reorganization of the defense set-up (although it probably will not still the critical tongues of opponents) will have a much more far-reaching effect than appears on the surface. John D. Biggers (OPM production official) and Edward R. Stettinius Jr., priorities chief, had been targets for opposition sniping for months. Their transfer to jobs which demand less over-all executive control will mean that many men they gathered around them soon will be returning to private enterprise. In other words, there will be a change in the priorities and production set-ups reaching well down the line. Whether it will be for better, worse or nothing at all remains to be seen.

K. R., Portsmouth, N. H.—Coast Guard work still is being carried on by the Coast Guard. Under its transfer to the Navy, the Navy assumes the obligation of seeing that the tasks assigned to the Coast Guard are performed. In other words, the Coast Guard—like the U. S. Marines, for instance—is now a part of the Navy, but with special duties.

O. M. T., Miami Beach, Fla.—The parachute troops (in training) are the fastest growing branch of the United States army. Two years ago, there were none. A year ago, there about 60. Now there are more than 5,000 men trained or training. Trainees now may volunteer for this branch of the service, but one positive requirement is topnotch physical form.

Start New Federal-State Program Here To Train Workers in Defense Industries; Inaugurated By OPM

Initial steps in a new federal-state program to train men in defense industries of this section through improved stream-lined methods were taken today when men representing firms in Warren, Bradford and Eldred gathered at the Warren High School for the first of two days of intensive training designed to fit them to instruct teachers who in turn will train individual workers for jobs.

The program, being tried in Pennsylvania for the first time after its successful use in the state of New Jersey, is being sponsored by the U. S. Office of Production Management with the cooperation of the federal and state education offices.

Joseph H. DeFrees, of the Pennsylvania Furnace and Iron Company, who recently was appointed a panel member of the OPM for District 11, which includes Warren, has made arrangements for the two-day school here.

District representative for the OPM is C. S. Coler, of Pittsburgh, formerly associated with the Westinghouse company and president of the Westinghouse night school. Birl E. Shultz, of Pittsburgh, is assistant district representative. Shultz is conducting the classes here today and tomorrow. Head of the new program in Washington is Channing R. Dooley, formerly personnel and public relations executive with the Socony Vacuum Oil Company.

Besides Shultz and DeFrees, those attending the sessions here include the following: J. H. Kannen, of the National Forge and Ordnance Company, Irvine; C. W. Rogers, local chemist; L. G. Brown and Alfred Maurer, of Struthers-Wells Company; Curtis Sasserson and R. W. Schwartz, of Pennsylvania Furnace and Iron Company; Paul Leonhart, of Warren Gear Manufacturing Company; Joel French, Hammond Iron Works; Victor VerMilyea, United Refining Company; Ralph Waterhouse, of the Warren High School faculty; Charles Walmsley, Dresser Manufacturing Company, Bradford.

The purpose of the classes being held here today and tomorrow is to train the selected group of men to go into defense plants of the district and teach foremen in the individual plants how to instruct new workers.

The sessions today and tomorrow will be nine hours each in length. Those who take this initial course will receive teachers' certificates, and will be paid by the state and federal governments to instruct the foremen in the various plants.

Courses for the foremen will consist of five two-hour sessions, upon completion of which the men will receive cards designating them as defense job instructors. They will in turn teach the new men under them while they are actually producing in their respective plants.

Mr. DeFrees said today that the plan, which has worked very successfully in New Jersey, cuts the time of training for defense workers. At the same time it improves the morale in the plants and also reduces training costs.

He stated that this type of training for plant foremen is available to all national defense industries at no cost to them. Manufacturers who might desire to take advantage of this training program have been invited to contact Mr. DeFrees at the Pennsylvania Furnace and Iron Company.

If the new streamlined training plan is as successful in this district as it has been in New Jersey, it will be expanded throughout the entire state, Mr. DeFrees said.

The other man, armed with a pistol, covered J. S. McCormick, the assistant cashier. When the two bank employes started moving toward the back of the bank and Graybill told the pair to "beat it" the holdup men fled fearing there would be gunplay.

Gray said that the prisoner here reenacted the holdup attempt at the bank when taken there for identification. He was named as one of the men, Gray said, by both Graybill and McCormick.

Under the Maritime Commission's urging, American shipyards have broken all records in production of the Liberty Ships. Taken in several shipyards, these pictures show how the first three Ugly Ducklings have been built in from four months and three days to four months and 27 days. That's against the World War record of six months and five days fro mkeel laying to launching.

Young Boy Dies After Beating

(From Page One)

The coroner's office ordered an autopsy to determine the cause of death.

Emil Cosnotti, 12-year-old uncle of Frank, gave this version of the fight in an Oakmont street last night in which Frank's family said he was hurt:

Frank was among a group of boys and girls when an older boy approached the group and, according to Emil, ordered another lad "to kick Frank."

"This other boy picked Frank up, choked him and threw him on the ground several times," Emil said. "The older boy held me so I couldn't help Frank."

Frank's father, an assistant foreman in a boiler works, reported that his son "complained of severe headache" and was nauseated. The father found Frank on a couch early this morning and when he was unable to arouse his son, called a physician who pronounced the boy dead.

Willkie said he hoped to call to the stand next week the heads of the four large companies to deny the propaganda and monopoly charges in person.

Meanwhile, Chairman Clark (D-Idaho) said the committee probably would arrange to see uncut versions of some of the pictures within a few days to permit members to determine for themselves if they contained war propaganda.

INFANTILE PARALYSIS IS STILL SPREADING

Harrisburg, Sept. 12—(AP)—Pennsylvania's infantile paralysis record today showed seven deaths and the spread of the outbreak to one new county, bringing to 49 the number affected.

Five new cases sent the total since the first of the year to more than 350.

A 7-year-old girl, Martha Belle Reynolds, Watsontown, was the latest victim.

Washington county in western Pennsylvania reported its first case, leaving only 18 counties unaffected by the outbreak.

State officials said they saw "no significance" in the fact that only five cases were reported yesterday compared with an earlier daily average of upwards 10.

FIRST FROST OF THE SEASON IS REPORTED

Erie, Sept. 12—(AP)—Erie, which sweltered in an 86-degree temperature earlier this week, had the season's first frost today.

The temperature here skidded to 41, with the Port Erie weather station forecasting continued fair, cool weather.

Allegheny county also experienced frost for the first time this season.

Weather observer W. S. Brotzman said in Pittsburgh, however dense fogs in valleys saved crops from serious damage. The temperature fell to 46 degrees in Pittsburgh.

"Rather than allow another 15 cents to be added to the price of the domestic sizes and passed on to householders while the necessity for it is yet to be established, the Office of Price Administration is freezing anthracite prices for the time being," Henderson said.

STRIKE SITUATION AT BEAVER IS UNCHANGED

Berlin, Sept. 12—(AP)—AFL craftsmen affiliated with the Pittsburgh Building and Construction Trades Council continued today their strike on construction of the $5,000,000 Curtiss Wright propeller plant here despite certification of the dispute to Defense Mediation Board.

The council called the strike three days ago because of a prolonged controversy with the Duquesne Light Company over installation of electrical equipment in the plant, which will produce propellers for the nation's air forces.

GRANGE HEADS WARNS OF A FOOD SHORTAGE

Columbus, O., Sept. 12—(AP)—L. J. Taber of Columbus, master of the National Grange, said today that a food shortage impends in the United States unless farm machinery manufacturers are granted steel priorities.

"There is certain to be a general farm labor shortage next year and this must be offset by increased use of machinery," Taber told the Ohio defense council.

"We must see that farm machinery manufacturers get sufficient steel to supply the increased demand if we hope to avert a food shortage," he said.

FOR THE LOVE OF PAM

By VIVIEN GREY

YESTERDAY: Partly because of a bet with Antoine, the orchestra leader, but mostly because he wanted to see Pam Quellerton again, Jerry Winthrope has asked her to a dance at Casa Marina. Jerry's mother has been very nice to Pamela, his sister has been rude, and now Freda Barington, whom Jerry has known a long time, is talking with him about his new friend.

Chapter Four

Freda's Ring

"YOU might tell me who she is," Freda said finally.

Jerry turned to search the girl's face. There had been something in her voice that caught his attention. Freda Barington was the girl his name hac always been linked with. He had squired her to dances and made gay whirls of night clubs with her. And somehow she always showed up at the places his family spent their winters.

Freda and her mother, the indulgent and very rich Toni Barington, invariably arrived a few days after the Winthropes had settled in winter quarters. It had been a taken-for-granted thing, and Freda was a nice girl, Jerry admitted. She had been a grand playmate.

Jerry glanced at her now and was acutely aware of the large square diamond on the third finger of her left hand. His diamond. He remembered the day he got it for her.

He had driven Freda and her mother back to their apartment in New York after a week-end with his mother in Westchester. Mrs. Barington wanted to pick up a bracelet she was having repaired at a fashionable jeweler's. Freda was intrigued by the diamond display and the clerk, recognizing her as the daughter of one of the firm's best customers, got out the ring that interested Freda most.

Freda slipped it on her finger and turned delightedly to Jerry.

"Look, darling! I just ache with envy of the girl who'll get this!"

Mrs. Barington had breezed along just then. Her blithe, careless glance had gone from Freda to Jerry.

"Well, why not now, Jerry?" she had asked lightly.

Freda's eyes had que[illegible] his for a full minute.

"Why not!" from Jerry.

So Freda kept the ring and the price of it was put on Jerry's father's account.

Freda took off the ring and there on Fifth Avenue insisted Jerry make a ceremony of putting it on her finger.

"Now kiss me!" she commanded imperiously.

Jerry kissed her.

"You two darling idiots!" Mrs. Barington said, laughing gently.

And people passing turned to look and smile at the handsome young couple so obviously in love.

Next day when he got home he had told his mother about giving Freda the ring.

"Oh, darling, I'm so glad!" She had stood on tipoe then and kissed her tall, handsome son.

His mother and Toni Barington had been girlhood friends. Only Toni had been rich even then, as the only daughter of the owners of a prosperous glass factory at Shirley, Indiana. His mother liked Freda. . . .

"Who is she, Jerry?" Freda's voice penetrated his thoughts.

"Her name is Pamela." Jerry hesitated, as if realizing for the first time that he knew little more about her than just her name.

"And she's the sweetest, loveliest thing in the world!" Freda finished for him, laughing. "Well, I suppose there are times when that's all a man needs know about a girl."

Dinner For Two

HER voice was light, but her eyes were on him with more than a casual glance.

"You haven't said a word to me, Jerry," she continued. "You haven't even noticed the dress that I put on purposely for you. Mother made me buy it because she said you'd like it. Can't you put yourself out a little and say something nice to a girl once in a while?"

Jerry looked at her then. Freda was beautiful in a sleek, smooth way. She was always dramatic as to dress.

"You're magnificent tonight, Freda," he said obediently.

"There! That's much better!" she smiled. "And now aren't you going to ask me to dance?"

"Of course, Freda."

They danced. Then Jerry was back beside Pam, claiming her from the little group of young men milling about her.

He insisted upon dinner at the hotel. "You owe me that," he urged when Pam suggested home, "for all the time I've let you spend with these other fellows."

Pam said then she must telephone Melita. She always let Melita know when she wouldn't be home for dinner so Melita wouldn't wait and spoil her own evening.

Jerry smiled whimsically. "All right," he said. "You've got some quaint tricks, but I like them." And he did, he reflected, as he slipped the coin in the box for her and waited while she talked.

She was so refreshingly different. So sincere and considerate with everyone. That was part of it, he thought. That was the thing that was reaching out and taking hold of his heart. Her beauty alone couldn't have done it. He had seen hundreds of beautiful girls. It was that sweet graciousness, that unselfishness running like a bright thread through all the pattern of her living, that drew him to Pam. It was a golden chain linking him to her life. And he was glad.

There were no more unhappy incidents that evening. Jerry's mother stopped a moment at their table, but declined Jerry's invitation to dine with them.

"I know young people like to be alone," she said. "I won't spoil this for you." And then went on to another table.

"She's sweet," Pam said a trace wistfully, recalling her own mother.

"Adele's swell." Jerry was looking thoughtfully at his mother, reflecting that if she knew what he did about Pam she would not feel their time alone together was to be so short that she might spoil something just by having dinner with them. It had been a rather generous gesture on the part of his mother, yet it gave him a clue to her belief regarding himself and Pam.

It was evident she thought it was to be an affair of short duration.

The Kiss

THE fragrant dark of Florida night was vaguely silvered by moonlight when Pam and Jerry finally walked down the curving drive of the hotel toward Jerry's car.

Pam was glad Jerry drove slowly through the deserted streets, white under the pale moon. She was glad he didn't talk much. She had never ceased to love her home town, Key West. She loved the quaint charm of it. Friendly little houses, their shabbiness turned to beauty by the shadows, nestled close as if to give some long-gone seafarer's wife neighborly companionship even while she scrubbed the wide floor-boards of her kitchen or cooked the rich guava to richer preserves.

To be there with the things she had known and loved—and Jerry beside her—was happiness enough.

And Jerry, too, was thinking. He was thinking of Pam and Freda. Freda with her sleek, smooth beauty. But that wasn't the kind of beauty he wanted. There had been dozens of girls dancing there at the hotel who had Freda's sort of beauty. It was available at exclusive stores in little jars, in pretty bottles, in dresses and gadgets that bore names representative of class and distinction. it was purely and wholly of the exterior. And it left 'im cold.

While Pam—he dared look for an instant at her lovely young face beside him, dream-swept, exalted, her soft brown eyes and gently tanned skin, a startlingly lovely note against the gold of her hair. Her beauty was real. Something deep from within. Like a lamp burning steadily. Like a candle lighted in a cottage window. Her beauty was real and natural. It had nothing to do with things handed over the counters of shops.

They reached Pam's home, with its lawns and garden much larger than most of its neighbors and its chimney that rose from a spacious fireplace.

It had been a happy evening, in spite of Lenore's cruel remarks. As a family, the Quellertons had always made a point of trying to forget unpleasant things. Pam still kept to that philosophy. It had been one of the happiest evenings she had known since she had been alone. The thought frightened her because Jerry was, after all, a winter man. She must dismiss him quickly.

With a swift, audacious gesture, she took one of the violets from her dress, kissed the tip of her finger, touched the kiss to the violet and gave it to Jerry.

"There! That's good-night and thank you for a lovely, lovely time!"

She drew back then, startled at what her impulse had led her to do. But Jerry caught her hand as he took the violet and raised it to his lips and kissed each finger tip.

"You're cuter than a mouse's ear," he said, as he carefully put the violet away.

Pam laughed. "How cute is that?" she asked.

For answer Jerry's arms closed around her and drew her close against his heart.

"That cute," he said as he kissed her.

Pam drew back, hurt and confused.

"Don't look at me like that, Pam," he said. "I mean so much that I can't say now. Things that shouldn't make you unhappy, dear."

But still Pam drew back. "Don't," she said softly, in a hurt little voice. "Please don't say anything more."

"Why, Pam? Is there someone else?"

"No," she answered thoughtfully. "After all, you're a winter man."

"Pam!" He claimed her hands with a sort of humble reverence. "I see what you mean. But this is different. Please try to believe me. You're going to have to some day."

WARREN HIGH MEETS LESON'S GIRARD ELEVEN TOMORROW

Yellow Jackets Are Underdogs Against Blue And White Team; Dragons Seek Second Triumph

The Warren High School Dragons will be after their second victory of the season in their third start tomorrow afternoon when they tackle Joe Leson's Girard High School eleven in a game on Russell Field starting at two thirty o'clock.

The local team problem being pretty well under control by now, Coach "Jake" Leidig plans to start much the same lineup as that which opened last Saturday's fray against the Youngsville High Eagles.

Coach Leson will bring thirty-seven players, nearly his entire squad, to Warren for the battle, the contest here composing the big road trip of the campaign for the Yellow Jackets and being the highlight of their grid card.

With a fair ground attack and a capable aerial offense, the invaders will endeavor to outsmart the Dragons and take advantage of any and all breaks afforded them to fight their way to victory.

On the other hand, owning the heavier squad and being strong in the air, the Blue and White juggernaut is expected to use this to advantage in whipping the Leson crew.

Last year the two teams played an exciting game before a large crowd which the locals won 19-6, but not until after having a serious threat from the visitors as Hajnik, brother to "Red", the Forge baseball star, dashed nearly the length of the field to score their only touchdown and knot the count at half time.

While it was a fortunate run in many ways, the blocking that the speedy runner received in his jaunt was something to marvel at, and Leson's charges will at least know how to clear the way if they get an opportunity.

While Girard is the underdog in the game, they are expected to give the Blue and White all they may ask for in the way of a football fracas, and the locals will have to play heads-up ball every minute to leave the contest victorious.

Having shown their goods favorably in last week's game, it is expected that Keith Patchen and Gail Cobb, add possibly Bob Sedon to the list, will draw starting assignments against the Yellow Jackets. The remainder of the Leidig squad will be composed of the same players seen as starters in the other two games played to date.

Probable lineups for the contest, with players' numbers, are:

Girard	Pos.	Warren
Dudas (20)	LE	Black (53)
Her'anson (33)	LT	Peterson (74)
Mushrush (55)	LG	Marasco (58)

In Semi-Finals of Women's Links Play

Brookline, Mass., Sept. 12—(AP)—With two southerners safely berthed in the opposite side of the draw, that golfing sector appears to have a strong chance to retain its firm grip on the women's national championship title, a competition that enters its semi-final stage today at the Country Club.

Foremost, if previous form can be depended upon, was Mrs. Estelle Lawson Page of Greensboro, N. C., the 1937 winner, who became a semi-finalist for the third time in five years by overwhelming Janet Younker of White Plains, N. Y., 5 and 4, the quarter-finals' most one-sided margin.

Today she plays Mrs. Betty Hicks Newell, of Long Branch, Calif.

The survivors in the upper half were the south's second ranking threat, Mrs. Frank Goldthwaite of Fort Worth, Tex., and the long-hitting Helen Sigel of Philadelphia.

Miss Sigel became one of the last four, thereby moving against Mrs. Goldthwaite, by defeating Mrs. Reinert M. Torgerson, of Great Neck, N. Y., 1 up, and the Texan kept pace with her by leading and then over-taking Mrs. Sylva Annenberg Leichner fo Flush ing, N. Y., the metropolitan district's titlist, for a 19-hole win.

LEAP YEARS

Leap year does not come every four years. Any year whose number is divisible by 4 is a leap year, usually, but if the number is divisible by 100, it must also be divisible by 400 to be a leap year.

A golf ball has been driven by Gene Sarazen at a speed of more than 120 miles an hour.

New York—Sal Bartola, 126, Boston, outpointed Dave Crawford, 122, Brooklyn (8).

U. S. ALMOND CROPS

During 1939, the almond crop of the United States amounted to 19,200 tons, but in 1940 it dwindled to 12,000 tons, according to estimates.

Chief Roger Peckinpaugh, left, assured new hands from Wilkes-Barre farm that everything is tranquil in wigwam. All smiles as they start life with Turbulent Tribe are, left to right: Shortstop Jack Conway, Outfielder Bob Frierson, Third Baseman Bob Lemon, Pitcher Red Embree and Catcher Jim Hegan.

CARL SNAVELY'S CORNELL SQUAD PLENTY GREEN

BY ALFRED MAAS

Ithaca, N. Y., Sept. 12—(AP)—Coach Carl Snavely at Cornell University is sure of just one thing as he faces a football season with a hatful of sophomores and only seven lettermen—he's looking forward to an "interesting job."

The loss of 20 lettermen through graduation has broken up the first three teams of a Cornell squad that last year won six games, running out a string of 18 games without defeat, and lost two.

Snavely has no passer to take the place of Hal McCullough, no blocking back and play caller who at this moment could give even a good imitation of Walt Matusczak, and certainly no tackle with anywhere near the skill of Nick Drahos.

"It's an awfully green team," Snavely sighed, riffling his wad of player records. "But working with a green team is an interesting job. I'm looking forward to it, and I'm going to enjoy it, win or lose."

That is Snavely, the football technician, speaking of a knotty problem with the earnest relish of an Einstein sitting down to a new mathematical formula.

But here is Snavely the Cornell coach, whose teams in the last five seasons put the "big" back into the "Big Red"

"It's foolish to talk about how good we're going to be. Of the lettermen only Right End Ray Jenkins and Halfback Lou Bufalino have had any considerable game experience. Almost none of the subs has been in a varsity game.

There are no lettermen at center or right guard, quarterback or fullback. Only veterans in addition to Jenkins and Bufalino are Left End Roy Johnsen, Left Tackle Ed Van Order, Left Guard Pete Wolff, Right Tackle Norman Christensen, and Right Halfback Ken Stofer.

Brooks Cop 2 Game Lead Over Redbirds With 11-Inning Win

BY JUDSON BAILEY
Associated Press Sports Writer

The stupendous struggle of the St. Louis Cardinals and Brooklyn Dodgers for the National League pennant keeps piling climax on top of climax.

Yesterday the Dodgers battled to a 6-4 trumph over the Cardinals in 11 innings of baseball as tense and thrilling as any world series session could be and yet their series has two more contests to go and as much remains to be decided as though the season were in its infancy.

The victory boosted the Dodgers' lead to two full games, a wonderful cushion to have at a time like this, and it concentrated the pressure on the Cardinals. But it didn't remove the crisis that existed before the series started because St. Louis still could regain first place by two percentage points by capturing the encounters today and tomorrow.

The standings now:

	W.	L.	Pct.
Brooklyn	89	49	.645
St. Louis	86	50	.632

The difference between the two teams yesterday was just two men—Dolph Camilli and Dixie Walker of the Dodgers. Camilli clouted his 33rd homer with two on to climax a four-run rally in the fourth inning. Walker singled with the bases loaded in the 11th for the winning runs.

Ernie White, young Cardinal lefthander, allowed only seven hits over the long route. Yet his hurling actually was not as effective as that of fat, 40-year-old Fred Fitzsimmons, who gave up 10 hits before being removed for a pinch-hitter in the 11th.

In the other National League action, the New York Giants crushed the Cincinnati Reds, 6-0, with four hit pitching by Bob Carpenter. The Pittsburgh Pirates and Boston Braves divided a double-header. The Pirates took the opener 7-5, scoring four runs in the second to make Ken Heintzelman's task easy. In the nightcap Tom Earley pitched a 10-0 shutout for the Braves, with the Pirates making six errors.

The Detroit Tigers evened their season's series with the New York Yankees at 10-all by wringing out a 5-4 decision in 12 innings.

Herman Besse rejoined the Philadelphia Athletics and clipped the Chicago White Sox, 2-1. Cleveland defeated Washington, 8-5 and 3-2.

WATERFORD HI AND SHEFFIELD MIX TOMORROW

Sheffield, Sept. 11.—The first game of the 1941 season for the Sheffield H. S. football team will be played here this coming Saturday afternoon, when the Orange and Black will be host to the Waterford H. S. team.

Directed this year by Joe Massa, new coach, the Wolverines have been working out diligently under his supervision the past 10 days or so to get in condition for the campaign.

The squad consists of only 20 some candidates, of which number only four are lettermen. The tentative first-string eleven includes Captain Don Lyle and Mike Steffan, halfbacks; Lowell Blake, fullback; Jerry Sorvelli., quarterback; Nick Otto, Harold McClellan or Kenny Fitch, ends; Baryl Burlingame, center; Andy Pochatko and Joe Clark, guards, and George Schultz and Marvin Schmedlin, tackles.

Other leading candidates are: Bob Gustafson, Sherry Henry, Mickey Peroski, Harry Lloyd, John Evan, Bob Trubic, John Hoden, Jim Shick, Dick Miller, Paul Carlson and Don Gibson. Neither Carl Hecie, letterman guard, nor Chuck Kosinski, husky reservist of whom much was expected this season, has yet reported for duty.

Angott Eager to Go Against Lew Jenkins

Washington, Pa., Sept. 12—(AP)—Sammy Angott, suspended N. B. A. lightweight champion, can hardly wait for his October 31 title fight with Lew Jenkins, which will clear up the fog beclouding the lightweight crown.

The match with Jenkins, skinny Texan holding the New York State version of the title, has been postponed twice, and Angott thinks that is the reason the National Boxing Association suspended him this week on grounds of failure to defend his title against a logical contender at least once a year.

"I don't know any other reason why they should suspend me," he said. "Maybe they were trying to make sure there won't be any more delays."

Angott said he had been assured by Promoter Mike Jacobs and the New York Boxing Commission that the fight, to be held in New York, this time "is really on." He will start training at New York after meeting Lee Sheppard of Cleveland in a tune-up bout at Akron, O., Sept. 19.

Chalky Wright Cops Fraction of Crown

Washington, Sept. 12.—(AP)—Chalky Wright, a streamlined little fighting whirlwind from Los Angeles, took over today as featherweight king in New York and Maryland, and promised to take on all comers in the division—"the tougher the better."

Chalky, a lithe Negro with plenty of power in his flying fists, knocked out Joey Archibald, the Providence, R. I., veteran, after 54 seconds of the 11th round here last night to gain the New York-Maryland title recognition. Each boy weighed 125.

Chalky particularly wants to battle Richie Lemos, another Californian, whom the National Boxing Association ranks as featherweight champion. Such a bout, Wright said, would clear up the muddled situation created by the rival claims. Lemos holds an overweight verdict over Archibald and a win over Pete Scalzo, a former featherweight king.

Zale-Abrams Setto Carded Tonight Off

New York, Sept. 12.—(AP)—Tony Zale will spend tonight in a hospital instead of in the ring at Madison Square Garden—and as a result the middleweight division will have to remain the muddleweight for a while.

Tony was scheduled to oppose Georgie Abrams, the moon-faced scrapper from Washington, by way of Uncle Sam's Navy, in a 10-round non title bout that was to have been the first step in straightening out the conflicting title claims of Zale and Billy Soose, the New York recognized titleholder.

But Zale neglected what appeared to be a minor skin ailment on his feet and legs, until last night it suddenly became so bad that he went to see a doctor. He wound up in a hospital, where he is expected to remain a week or more.

Promoter Mike Jacobs decided there was no chance to arrange a satisfactory substitute program.

Replace Garfield Eagles As Red Jacket Foes; Colored Team Is Forced To Cancel Fracas Here

For the second time the opponent for the Red Jackets has been changed, the Garfield Eagles being forced to cancel their contest for Sunday with the Red Jackets via a wire yesterday when it was learned that the majority of the strong colored team had been called into several defense plants on an emergency shift that would take up their time all day Sunday.

With contracts closed and the Eagles enthusiastic about coming to Warren to meet the mythical western Pennsylvania semi-pro champions Booking Manager Claude Schindler of the local crew received a telegram yesterday afternoon to the effect that the Eagles could not play and with no explanation.

Immediately, therefore, the alert booking agent filled in the opening with the capable Homewood Athletic Club of Pittsburgh, a club which gave the mighty warriors of last year a good game until reserve power decided the issue 21-7.

And this season, the Smokey City boys are stronger than before, having risen to be one of the most respected grid outfits in or around Pittsburgh in their ranks before the curtain fell on last fall's campaign.

With many veterans of last year's team, and a lot of new material to make the team livelier and stronger, the Homewood club is already being looked to as one of the teams to watch as the many sandlot teams in that area start on their annual hunt for grid fame and fortune this year.

Newspapers from around Pittsburgh have Homewood placed high in the sandlot grid conference in the Smokey City, and with the revamped squad, are predicting they'll be the surprise outfit of this season.

All of which adds up to the fact that the Red Jackets are fortunate in having been able to secure such a worthy substitute for the Garfield club on a minute's notice.

Sundya's game starts at two thirty o'clock daylight time, and season tickets will be honored with popular prices prevailing for individual admissions. Due to preseason ticket sale, a record opening day crowd is expected to welcome semi-pro football to Warren for another season. The Jacket management is predicting that a throng of nearly 2,000 will be on hand for the game if the weather is favorable.

GANZA TO PLAY

Harry Ganza, former Erie Tech grid star and stellar 245-pound fullback, practised last night with the Red Jackets and will be ready to see action in Sunday's opener against Homewood, it was announced today by the Jacket coaching staff. Harvey Garfinkle, Wake Forest star of last season and sturdy line candidate, also will be seen in Sunday's encounter.

Sports Round-up

BY HUGH S. FULLERTON, JR.

New York, Sept. 12—(The Special News Service)—No matter what happens from here on, the boys can't make any more cracks about the Dodgers' old men. . . . Fred Fitzsimmons is the daddy of them all and if anybody could give a better or more courageous performance than he did yesterday, we'd like to hear about it. . . and Fitz hasn't been getting any too much help, either—thirteen errors behind him in the past four games he's pitched. . . . Anyway, Peewee Reese's contributions to the error list are making Joe Cronin look good. He's maintained all along the kid wasn't a major leaguer. . . And how the Yanks must have laughed when they heard the teams that want to play them in the world series had kicked eight chances in one game. . . . Michael Smith, a Brooklyn embalmer who is a red-hot Dodger fan, joined the club on the way to St. Louis and for a while yesterday it looked as if he could go right to work on Brooklyn's pennant hopes. . . The excitement over this series isn't limited to Flatbush and St. Looey, either. . . . So many newspapers sent men to cover the games that they had to build an emergency press stand to take care of the overflow. . . . If they don't win today, the Cards had better change their brand of vitamin pills. . . . Dolph Camilli is Brooklyn's chief consumer of pep pellets and you saw what he did. . . . Dolph takes two kinds and the boys say the big ones are for homers and the little 'uns for smaller-sized base hits.

Quote, Unquote

Mike Jacobs: "I think the N. B. A. made a wise choice and I've wired congratulations to Abe Greene. I think we can get together down at my place in Rumson and do something for the good of boxing."

Service Dept.

Lieutenant Carl Newsome of the air corps, formerly sports ed. of the High Point (N. C.) Enterprise, asks how about running a few more notes on what the boys in the army camps are doing. . . . Well, here goes. . . . Lt. Newsome has been stationed in three camps in the past 10 weeks, Fort Bragg (N. C.), Maxwell Field (Ala.) and Baton Rouge (La.) air base. . . . One of the guys with him at Baton Rouge is Wally Young, the old Oklahoma All-American. . . . Last year Coach Vee Green of Drake had five varsity fullbacks and five on the freshman squad. Now one is in the marines, two in the army, one in the flying corps and one of the frosh took a job in an airplane factory, leaving one letterman and four other yearlings, who promptly became ineligible. . . . The Moffett Field (Calif.) flyers have lined up a nine-game grid schedule, starting September 20 against Nevada. . . . Maybe they could lend a few games to Will Roger air base in Oklahoma, which started practice with no equipment, no schedule and an uncertain squad but with plenty of enthusiasm. . . Marsh Farmer, the one-armed hurdler from Texas Tech, would like to join the air corps if they'd take him. . . . He figures if he can rope and brand calves with one hand, piloting a plane shouldn't be too hard. . . . Rhoten Shetley, ex-Furman fullback, is at Fort Bragg and plans to play with the New

SPORT SPATTERINGS

HOMEWOOD A. C. WORTHY REPLACEMENT FOR GARFIELD EAGLES; GIRARD WILL GIVE DRAGONS PLENTY OF OPPOSITION

Uncle Sam has taken his share of athletes in the past year, but we don't believe any organization was hit harder that the Red Jackets when he took their entire squad of opponents off the gridiron and put them in the defense plants causing a cancellation of Sunday's game. However, the Garfield Eagles aren't out of commission for a year (or more) and therefore may be booked again later on. Meanwhile, let's get the inside on their successor to the Sunday date, the Homewood A. C. This club played here the second game in the season last fall and dropped a 21-7 decision, but that was before they strengthened their lineup. At the close of their campaign last year the Homewood club had become one of the most dangerous semi-pro powers in the section, and were not far behind the Eagles in claiming honors. This season the team has added some new talent to its squad and the bolstered lineup has marked them as one of the clubs to watch in the campaign around Pittsburgh this autumn. So while the Jackets can't show the Eagles to Warren fans on Sunday, they have booked the Homewood boys and promise a real battle.

Joe Leson returns to Russell Field, where he made football history not too long ago, tomorrow afternoon when his Union High Yellow Jackets of Girard match their skill with that of Coach J. B. Leidig's Dragons in what should be a nip and tuck tussle. Joe plans on bringing thirty-seven players with him for the game, it being the big trip of the season for Girard and every boy looking forward to that treat. And if they pay Joe back as they did last year, he won't feel slighted. When Red Hajnik's brother hot-footed it over the near-length of the field to score Girard's only touchdown and show the Blue and White they had some competition, it brought a smile of satisfaction to the face of Leson. Whether or not his charges can pull any tricks from the bag this Saturday is unknown, but Joe's team, though material is limited, has the spirit and the fight to give any club a good run for the money, and the Dragons, if they don't respect this fact, will soon learn tomorrow after the kickoff. The Yellow Jackets will mix their plays between ground and air, but probably will use the latter means of progress more or less, as they will be outweighed by a husky local team. And one other point we may bring out, the Leson crew will be garbed in former Red Jacket uniforms when they trot onto Russell Field.

Coffin corner cannonade . . . Our choice is the Dragons tomorrow by about 20 to 6 or 7 . . . And if our luck holds out, that score may look pretty good . . . The first game against Academy, we had the locals down for a 20-7 licking; it was 14-7 . . . Last Saturday we named 19-0 for Warren's victory and were but a point off . . . The City bowling loop has eight teams but needs a backer for the eighth club . . . However, one is on the line now so that the circuit should have little trouble in making preparations to open September 23 . . . In three weeks of practicing Coach Leidig has molded his club into a pretty definite varsity squad, and when you consider that tomorrow's starting lineup will be practically the same as that which started against Youngsville, it looks as though from now on the local mentor will know where he stands and the team will improve steadily . . . With most of the experimenting over, "Jake" can tell who to put where . . Bill Rice, our predecessor, has finally consented to lend his talents (and that golden voice) to the Red Jackets in the P. A. department again this year . . . We suspected the fever would get him before the season was under way . . .

Sinking of 22 Ships Claimed

(From Page One)

"Not Mr. Roosevelt, but we, will determine that," he retorted.

The spokesman took up point by point the president's allegation of German design against American shipping.

Concerning the U. S. Destroyer Greer, he reiterated that the German submarine fired only after the Greer had dropped depth bombs.

The president's statement that a submarine had followed a United State battleship last July, he called a "pure invention."

The merchant ship Robin Moor was sunk in the southern Atlantic in accordance with the usages of international law, the spokesman declared, claiming she was carrying contraband.

If the American merchantman Steel Seafarer was among the ships sunk by German planes, he contended, she was in a war zone declared by both Germany and Italy and was loaded with war materials for Britain in the Near East.

(Mr. Roosevelt said the Steel Seafarer, sunk six days ago, was sent down by a German plane in the Red Sea 220 miles southeast of Suez while bound for an Egyptian port.)

The spokesman explained that it is extremely difficult to establish the nationality of a ship in a night attack.

Concerning the sinking of the S. S. Sessa off Iceland by a submarine, he said the vessel was under the flag of Panama and "Roosevelt is not the protector of Panama."

Bulletins from Hitler's headquarters made clear that the raid on the 40-ship, heavily guarded British convoy began before President Roosevelt spoke and also that it still was going on.

It did not say specifically where in the North Atlantic the encfounter was taking place.

(The president's orders applied to Axis raiders sighted within waters "the protection of which is necessary for American defense.")

Hitler himself told the German nation that "in the hostile outside world, Jewish capitalism and Bolshevism have united in an attempt to destroy the National Socialist German Reich. . . ."

In a written appeal for donations to the winter relief fund, he declared German soldiers' sacrifices "in blood, sweat, worries and privations" already have reaped success "unheard of in world history" and reiterated that Germany "cannot be defeated."

A. F. L. BEING HEARD AT ALTOONA INQUIRY

Altoona, Sept. 12—(AP)—Representatives of an AFL union were summoned to a National Labor Board hearing today to testify in support of the union's demand for recognition as bargaining agent of Pennsylvania Edison Company employes.

The AFL International Brotherhood of Electrical Workers is contesting the claim of the CIO Utility Workers Organizing Committee that it represents a majority of the employes.

NLRB Trial Examiner Webster Powell said officials of the CIO union gave "their side of the picture" as the hearing opened yesterday.

Kinzua

Kinzua, Sept. 6.—The public schools of Kinzua township opened on Monday September 2nd, with only one change in the faculty. It is deeply regretted that Joseph Massa popular athletic coach, resigned his position a few days before school started, but at the same time his many friends here are glad that he has a better position in the Sheffield schools and the very best wishes of all his friends here go with him to his new work. Mr. McDonald from Warren has accepted the place made vacant by Mr. Massa's resignation.

Mrs. H. L. Thompson and daughter Jane are the guests this week of Mrs. Ona R. Chilson at East Kane and from there went to Brookville, where they will visit the former's brother and family for a few days. Miss Jane leaves next Tuesday for Houghton, N. Y., where she will enter her sophomore year at Houghton College where she is taking a public school music course.

Bruce Geddes has returned from a visit with relatives in Texas and New Mexico.

Mr. and Mrs. P. J. Colosimo entertained relatives over Labor Day from Indiana county.

Mr. and Mrs. Cowden Shaffer and daughter, Elaine, and Mr. and Mrs. Percy Shaffer from Texas were recent guests of Mayse Sherman, and other friends here.

Mr. and Mrs. Z. L. Sheldon and son Donald have returned from a trip to the Toronto Fair and other points in Canada.

The members of the Kinzua W. S. C. S. were entertained last Thursday by the members of the Corydon W. S. C. S. at the home of Mrs. Nelson Crooks and report a very delightful afternoon.

Taylor Confer from Beech Creek and Clifford Moore from Williamsport, were weekend guests of the latter's mother, Mrs. J. R. Moore recently.

Dr. and Mrs. J. D. Tilcher and three sons from Cleveland, Ohio, recently spent two weeks with Mr. and Mrs. Ivan Sheldon.

Mr. and Mrs. Gifford Quiggle and daughters, W. S. Murry and Miss Ellen Malmberg attended the Little Valley Fair last Friday and report a larger and better Fair than in previous years.

Mr. and Mrs. W. Boyd English and daughter, Miriam and Miss Ethel Forgach of Warren have returned from a trip through the southern states where they visited the formers' son, Pvt. Walter B. English, at Fort Bragg, North Carolina, where he is assigned to duty in the heavy field artillery. They also visited his regiment while on maneuvers on the Atlantic coast at Myrtle Beach, South Carolina.

Mrs. Myrtle Fellows, Milford and Millicent Fellows, of Erie, called on friends here Monday evening.

Miss Cena Whiteley has returned home from attending a family reunion in Crawford county.

Mrs. J. R. Moore and sons Edward and Clarence attended the Champaign family reunion which was held at the Mansfield Park on Labor Day.

Mr. and Mrs. Donald Marsh and son Morton returned to their home in Pittsburgh Monday evening after spending part of their vacation with relatives here. While here they accompanied Mr. and Mrs. Dexter Marsh of Warren on a motor trip to Chicago, Ill.

Lawrence Snow, the last Kinzua boy to be called in the Selective Service, is stationed at Camp George Meade at present.

Mr. and Mrs. Ralph Siggins from Lakewood, Ohio, were recent guests of Mr. and Mrs. L. W. Shipman.

Miss Jessie Beckwith, of Bradford, visited her sister, Mrs. Clara Brown, several days this week. Mrs. Brown accompanied her to Bradford upon her return.

Mr. and Mrs. Kenneth Long from Johnstown, visited their aunt and uncle, Mrs. Jennie and Luther Winslow last week, leaving for home Monday morning.

Miss Ruth Shipman of Buffalo, N. Y., spent the weekend with her parents over Labor Day, on Sunday Mr. and Mrs. Shipman, Miss Ruth Shipman, Jack Shipman and Miss Martha Swartz of Warren were the guests of Mr. Shipman's sister at Coudersport.

Miss Gertrude White, who spent the summer with her sister, Mrs. Frank Smith, and family in Illinois returned home and has resumed her duties as teacher of the 4th, 5th and 6th grades in the local school. Miss Thelma Hallowell, who spent the vacation with her mother and sister in Cleveland, Ohio, has also returned here to complete her senior year in high school and will make her home with Miss White.

Mrs. Aileen Miller Williams and sons from Champaign, Ill, are spending several weeks at their summer home here. Mrs. Miller was a former teacher in the Warren schools before her marriage.

Mr. and Mrs. Hector English and children Wayne and Susanna, and Mr. and Mrs. Evan English from Owosso, Mich., and Mr. and Mrs. Ray Steggell from Philadelphia were weekend guests of their father, John English. Mr. and Mrs. Paul Trumbull and family have moved from Lewis Run to the Bert Crooks farm on the Morrison road.

Gordon Moylan, of Rochester, N. Y. spent the weekend with his mother here.

HALIFAX IS CHEERED BY PRONOUNCEMENT

London, Sept. 12—(AP)—Lord Halifax, the British ambassador to Washington, said today that every Briton has been "greatly heartened" by President Roosevelt's no-trespass warning to Axis warships and submarines.

Speaking at an airport factory, the ambassador, who is in London for consultations, said Mr. Roosevelt's speech was the most practical example of the help in practical form that the United States is prepared to give us and those fighting with us."

Invasion Armies In Reverse

(From Page One)

Berlin, Sept. 12.—(AP)—The German High Command admitted today that rain and mud were making the Nazi invasion of Russia difficult but insisted operations were nevertheless "progressing well."

"Stronger" Russian troop concentrations in the central sector yesterday were taken under "effective fire" by German artillery, DNB said, resulting in the dispersing of Soviet units.

Bitter fights were reported in the northern area, where Berlin informants said the German forces advanced despite "stubborn resistance and widespread mine fields." One army corps reported cleaning up 6,700 mines in two days while taking Soviet field positions and one town, military sources said.

Soviet losses in this area were estimated here at 1,200 prisoners, 12 tanks and 60 artillery pieces. At another point in the same sector DNB said the Germans made further territorial gains as well.

The agency said a German combat plane yesterday bombed a munitions dump at Tobruk, Libya, causing "a big fire and heavy detonations," at that British-held North African strong point.

en by the authorities. All Boy Scout organizations were ordered dissolved.

Authorities in Bergen, Trondheim and Stavanger threatened to proclaim a civic siege such as exists in Oslo if there were any signs of agitation.

(A dispatch from Berlin quoted the Oslo Nazi paper, Fritt Folk, as warning the public that additional heads of organizations would lose their positions "if they are not more reasonable."

QUAKE RECORDED

New York, Sept. 12—(AP)—The Fordham University seismograph recorded a "very severe" earthquake today, the first shock being recorded at 2:21:14 a. m. (EST) and the second at 2:23:36. The quake was placed at about 9,200 miles from New York in the general direction of the Dutch East Indies.

SPEECH FAILS TO AFFECT STOCKS

New York, Sept. 12—(AP)—Last night's "shooting" broadcast of the president was received by financial markets today with notable equanimity.

While the ordinary trimming of commitments for a week-end stemmed an early modest advance in stocks, commodities exhibited fresh strength and bonds were just about steady. Fractional gains in the stock list were plentiful near the final hour, but there were enough small declines to make for mild irregularity. Dealings were at the rate of approximately 700,000 shares for the full proceedings.

Executive Says Nation Ready to Meet Unrestricted Warfare

(From Page One)

vious presidential pronouncements in an effort to work out one for themselves.

The general conclusion was that the "keep out" zone would include all of the west Atlantic from Iceland down to the areas off the long South American coastline. However, Mr. Roosevelt has indicated on several occasions that, from the standpoint of defense, he considers the hemisphere's geographical boundary an elastic line. Such a conception, officials were quick to note, would not be calculated to hamper naval operations under last night's orders.

The uncertainty on the subject was further heightened by this passage from Mr. Roosevelt's address:

"No act of violence, no act of intimidation will keep us from maintaining intact two bulwarks of American defense: First our line of supply of materials to the enemies of Hitler, and second, the freedom of our shipping on the high seas."

The reference to the supply line to the enemies of Hitler was believed to be the basis for the British interpretation that American naval units would provide trans-Atlantic guard for their shipping. It also started administration opponents proclaiming: "The convoys are coming."

But Mr. Roosevelt had nothing more to say on this particular point.

It was to the Atlantic that Mr. Roosevelt addressed himself most of the time and he denounced Axis raiders there as "pirates" and "rattlesnakes."

". . . When you see a rattlesnake poised to strike," he said, "you do not wait until he has struck you before you crush him.

"These Nazi submarines and raiders are the rattlesnakes of the Atlantic. They are a menace to the free pathways of the high seas. They are a challenge of our own sovereignty. They hammer at our most precious rights when they attack ships of the American flag—symbols of our independence, our freedom, our very life."

CHICAGO GRAIN

Chicago, Sept. 12—(AP)—Grain and soybean prices advanced sharply early today as a result of buying which traders said was stimulated largely by the president's speech.

Wheat was up almost two cents, corn and rye about a cent and oats more than a cent, all to new highs for the past four years. Soybeans advanced as much as five cents, reaching new all-time peaks with the May contracts selling as high as $2.02.

Opening ⅞-1½ higher, September 1.21, December 1.24¾-1.25, wheat later advanced further. Corn started ¼-¾ up, September 81, December 85⅞-86¼.

TEACHER NAMED AT YOUNGSVILLE FOR THIS YEAR

Youngsville, Sept. 12.—At a meeting of the Youngsville borough school board, held this week, the resignation of Frederick Jaffin, teacher in the junior and senior high schools, was accepted and James Cable, principal of the Pittsfield school, was elected to fill the vacancy.

Mr. Jaffin resigned to continue work at the National Forge and Ordnance Company, where he has been employed during the summer months. However, he will continue to teach here until the Pittsfield position can be filled.

Supervising Principal Paul Getts reported that school was going very well, but that the music, science and art departments are handicapped by lack of sufficient room for their activities.

He also reported that the junior high school work is being arranged so that there is very little changing by students from one building to another.

The board gave permission for the school band or orchestra to provide music for the directors' meeting at the court house, Warren, on Thursday, September 25.

FOOTBALL PARADE

Youngsville school band led a large group of students in a pep parade about town Thursday evening in preparation for the football game being played in Corry this evening. A large bonfire was lighted, with the students gathering around it for a pep meeting.

NEW PASTOR HERE

Rev. and Mrs. Charles McIntyre have moved from Bradford into their new home in the Youngsville United Brethren parsonage. Monday evening at 6 p. m. the new pastor and wife will be the honor guests at a welcoming dinner in the United Brethren church dining room. All members and friends of the church are invited.

BRIEFS

A group of Youngsville ladies motored to Erie Tuesday evening and enjoyed the personal appearance at the theater of the Breakfast Club. Those making the trip were Mrs. John Weaver, Mrs. Glen Sitler, Mrs. Lorrine Brooks, Mrs. Lee Sitler and Mrs. W. H. Brazee.

CELEBRATES 50 YEARS IN LAW PRACTICE HERE

W. J. Knupp, well known member of the Warren County Bar Association, was honored last night at his home, 20 Fourth avenue, at an unusually interesting and enjoyable gathering.

His daughter, Miss Montana Knupp, who is also a member of the bar association, entertained fellow-members at a charming dinner party to mark the 50th anniversary of Mr. Knupp's receiving of the sheepskin which permitted him to follow the practice of law.

Fall flowers throughout the home and golden gladioli as a table centerpiece emphasized the golden motif, also repeated in place cards and portions of the menu.

In remembrance of the passing of this milestone, J. H. Alexander, president of the association, presented to Mr. Knupp a handsome brief case.
